WAMPUM WOMEN BADLY BURNED

TELLS OF HALL-MILLS LOVE AFFAIR

Mrs. Mills' Sister Tells Knowledge Of Elopement Plan

Also Tells Jury Of Once Seeing Mrs. Mills Kissing Dr. Hall

SAYS SISTER WAS DEEPLY IN LOVE

Thought Dr. Hall Her Intellectual Equal—Dr. Hall Planned Divorce

By JAMES L. KILGALLEN
International News Service Staff Correspondent

COURTHOUSE, SOMERVILLE, N. J., Nov. 16.—Rev. Edward W. Hall planned to get a divorce and Mrs. Eleanor Mills, choir singer, intended to "run away with him", Mrs. Marie M. Lee, a younger sister of the woman who was slain with the minister testified today at the murder trial of Mrs. Hall and her brothers, Henry and Willie Stevens.

Mrs. Lee said her sister looked upon Rev. Hall as her intellectual equal and for this reason was very fond of him. She testified she knew Rev. Hall and that she had attended social gatherings at the Church of St. John the Evangelist in New Brunswick.

Loved Dr. Hall

"My sister told me she loved Dr. Hall", the witness said.

Mrs. Lee then said her sister told her that Dr. Hall planned to get a divorce and that she intended to run away with him.

"Did you ever see them kiss each other?" Simpson asked.

"Yes. One time I looked in the window and he was sitting in an arm chair and she was sitting on his lap. I saw her kiss him as she got off his lap."

"What did she say of her relations with Dr. Hall?" Simpson asked.

"She said she loved him, but at this time, in 1919, their love was platonic. Their relations were quite proper."

"Did she say why she loved him?"

"She thought of him as an intellectual equal and the ideal of a man."

Cross-Examined

McCarter cross-examined Mrs. Lee.

She said she had lived with Mrs. Mills for about a year from 1918 to 1919, and that then she (the witness) married and went to Minneapolis to live. Her husband has since died and she moved to Paterson, N. J., early this year.

"She told you the reason she was fond of Dr. Hall was that he was

HIGH SCHOOL TEAM, BAND, WILL BE FETED BY CLUBS, DECEMBER 3

New Castle high school's football players, the band and cheer leaders will be banqueted this year, following out a custom inaugurated some years ago. Arrangements have been made by a committee of the Rotary and Kiwanis clubs for the banquet, the tentative date being December 3.

The committee met Monday evening in the office of Louis B. Round, superintendent of the New Castle Electric company and named James K. Love as the toastmaster, with Mr. Love and Dr. C. C. Green to arrange the program.

Andy Kerr, coach of Washington & Jefferson football team, and one of the county's best known football coaches, has been secured as the speaker of the evening and his acceptance of the invitation means that an outstanding man will make the address of the evening.

The banquet will be held in the First Christian church and it is expected that some 250 will be present. It is the annual public recognition of the team's efforts during the football season and this year's banquet is exepcted to be a large affair.

Open Probe In Mine Disaster

Make Arrangements For Burial Of Victims Of Fatal Blast

CAUSE OF BLAST IS UNDETERMINED

(International News Service)
MOUNDSVILLE, W. Va., Nov. 16—State Mine Chief R. M. Lambie today took charge of formal investigation of the explosion at the First street mine of the Glen Dale Coal company here, which cost the lives of five miners and injured two others early yesterday. Ten other miners escaped unhurt.

Mine inspectors from several West Virginia districts were here to aid Lambie in his investigation.

With the finding of the body of Thomas Robinson, last to be recovered, plans were made for funeral services for Walter Fogle, 18; Rube Kirkhart, 24; Mike Kowchek, 43, and J. E. Steifel, 50, the other victims.

Seventeen miners were in the mine when the shaft was shaken by an explosion. Ten, who had completed their work and were on their way out, escaped injury. Steifel, one of the victims, was rescued but died enroute to the hospital. Two others, James Lemasters and H. M. Cumberidge, were seriously burned, but will recover, it was said at Glen Dale hospital.

Preliminary investigation by mine officials led to belief that the explosion may have been due to a spark from the wheel of one of the mine motors, which possibly ignited gas.

Suit Is Brought To Recover Bill For Repairs Made

L. A. Haug has filed a suit against George Karadis and Ellis Frank, as partners and as individuals to recover an alleged debt of $1602.66. Haug claims that the defendants engaged him to remodel a building at the southwest corner of West Washington street and South Beaver street for restaurant purposes. He was to furnish all material and labor and was to get 12 per cent on the cost for looking after the work. It is claimed that the work was completed but that the defendants have failed to pay.

See Acceptance Of Peace Offers By All Miners

(International News Service)
LONDON, Nov. 16.—Acceptance by the miners of the government's peace proposals in the long coal strike was believed to be virtually assured today. The miners of Scotland, Northumberland, Yorkshire, Lancashire and South Wales voted for acceptance, a count of the ballots showed today.

The combined vote from these districts is large enough to determine the issue.

Four Are Killed, Girl Seriously Hurt In Crash

Woman Driver Responsible For Four Deaths Due To Carelessness

Grade Crossing Watchman Says Machine Was Driven In Path Of Train

(International News Service)
GLOUCESTER, N. J., Nov. 16.—Four persons are dead today and an eight-year-old girl is in the West Jersey Homeopathic hospital in Camden suffering from serious injuries as a result of a collision here late yesterday between an automobile and an electric train of the West Jersey & Seashore railroad.

The Dead.

Frederick Schoettle, 37; his wife, Florence, 32; Thomas Ayres, 56, and Mrs. Edna Hickson, 26, all of this city, were almost instantly killed.

Ruth Schoettle, whose parents were killed in the crash, is in a critical condition with a fractured skull and other injuries.

Thomas Turner, the grade crossing watchman, told police the machine, with Mrs. Schoettle at the wheel, was driven on the tracks in front of the approaching train, despite his efforts to attract her attention.

Turner was exonerated by police after witnesses had substantiated his story.

Bridge Location At Wampum Is To Be Up Wednesday

County Officials Will Meet Public Service Commission At Pittsburgh

County Commissioners Davis, McCullough and Matthews, with their engineer, C. H. Milholland, and Attorney John P. Lockhart, will go to Pittsburgh tomorrow to meet the public service commission on the matter of the proposed bridge across the Beaver river at Wampum.

Two locations for the bridge and viaduct, which will span railroad tracks and river, have been mapped out on the preliminary plans. It will be for the purpose of hearing arguments as to the adaptability of the locations that the commission will convene tomorrow.

It has been generally agreed by the different interests involved to urge what is known as the upper location. If the bridge were built on this site it would cross the river from Chewton and land near the site of the Pittsburgh & Lake Erie railroad tracks. It would be necessary in building the bridge at this location to condemn some of the land.

The present site of the bridge is very dangerous and is not being considered at all. After the public service commission hears the testimony a decision will be handed down as to the location and plans will then proceed for the building of the bridge.

It will be one of the longest and costliest bridges in the county.

WEST VIRGINIA TOWN FLOODED

(International News Service)
MANNINGTON, W. Va., Nov. 16.—Sections of Mannington's business and residential districts were flooded today as the result of heavy rainfall. Much damage was reported.

The Shaid Construction company suffered a loss of $4,000 when false work of a new bridge under construction was crippled by the rain and high water.

Starting with a heavy downpour last night the rain continued until late this forenoon. The flood waters are gradually receding.

QUEEN BRINGS JOY TO GIRL

Nancy May Flowers and her autographed photo of Queen Marie.

By Central Press.

MELROSE, Mass., Nov. 16.—Queen Marie of Roumania has made six-year-old Nancy May Flowers "the happiest girl in Melrose." Nancy May has just received an autographed picture of the queen.

Nancy May's father, Frank Flowers, is an officer on the "Leviathan" on which Queen Marie traveled to America. She admired a photograph of Nancy May and requested her address.

On the right hand top corner of the queen's picture, written in large square letters is "Marie, 1926." The queen is shown reclining on a divan, gazing out of a port. At her side is a favorite dog.

Nancy May is a handsome child, with beautiful blonde hair. She is a first grade pupil—and the envy of her fellow students.

Mount Carmel Streets Flooded

MOUNT CARMEL, Pa., Nov. 16.—Streets were inundated with water, automobiles marooned and mine workings flooded here today by one of the heaviest rains ever seen in this part of the state. More than five inches of water had fallen during the 12-hour period ending at noon today.

Railroad and automobile traffic were hampered where highways and tracks were under several feet of water.

No fatalities have been reported.

Auto Driver Is Arrested On Three Charges

Alex. Johnson of R. D. No. 9, arrested by Constable W. J. Graham of Hickory township and Detective John Miller, was given a hearing before Alderman Walter T. Hamilton last night on charges of larceny of coal from the Moffatt school house, operating a motor vehicle while under the influence of liquor and transporting liquor.

He was caught by the officers in the act of stealing coal from the school property, they report. He was found guilty on that charge and was assessed a fine and costs and in default of payment was sent to the county jail for ten days.

The officers on arresting him for taking the coal found that he was under the influence of liquor and also had liquor with him in his car. He entered pleas of guilty to the charges of operating a motor vehicle while intoxicated and transporting liquor and was held for the December term of court.

Would Make Plan For Sewer System

Fuller & McClintock today informed city council through a letter that they are willing to conduct an exhaustive study of the sanitary and storm sewer systems here for $4,000, and providing they make the maps, at a cost of $6,500.

Council invited the firm to send Mr. Emerson to New Castle for a conference Thursday.

"Uncle Joe" Cannon To Be Buried In Danville Today

Vice President Dawes And Governor Len Small Attend Ceremonies

(International News Service)
DANVILLE, Ill., Nov. 16. — A brief service in an ivy-covered church, a simple prayer at the grave, and "Uncle Joe" Cannon, last of the old lawmakers, will today have completed his earthly cycle.

The funeral will be held in the St. James Methodist Episcopal church at three o'clock, with the Rev. Thomas N. Ewing, pastor, officiating. The Rev. Ralph Hindman, an old friend will lead a simple prayer and then the old anthem, "Now We Leave Thy Servant Sleeping," will conclude the services.

Cannon will be buried in Springfield cemetery beside his wife, who died 35 years ago.

Vice-President Dawes, representing President Coolidge was to arrive a few minutes before the funeral. Governor Len Small will attend also.

All of the children in Danville were given an opportunity to attend the funeral, public school being closed.

Six stalwart past commanders of the Danville Post, American Legion were named to carry the grey casket.

Offer Small Plot To City For $1200

Ravine Near North Mercer Street May Be Purchased By City

R. A. and J. C. Wallace today informed city council that they are willing to sell to the city for $1200, a plot of ground bounded on the North by Park avenue East by Young street, south by Boyles avenue and west by North Mercer street.

If purchased the ground, which lies in a gully, may be converted into a municipal playground.

Councilman Davies told a News reporter that the hollow would make an ideal stadium.

It would be also used for playground purposes.

"It would make an excellent site for a football field," said Davies. It is several hundred feet long and almost the same distance in width.

According to the owners the city must purchase the ground before December 1, at the price asked today.

Steals Autos Because Girls Will Not Ride In Street Cars

(International News Service)
PITTSBURGH, Nov. 16.—"The girls wouldn't ride in street cars," Chester Black, 19, told Criminal Court Judge John A. Evans, pleading guilty to the theft of two automobiles.

As a result of the girls' discrimination against street cars young Black today faced a long workhouse term. Judge Evans first sentenced him to six to 12 months but gave him an additional three to six months when he admitted being on parole after stealing 19 other automobiles.

Queen Marie And Party Bid Farewell To Chicago Today, Next Stop Indiana

By DAVID P. SENTER.
International News Service Staff Correspondent

ABOARD QUEEN MARIE'S SPECIAL TRAIN (In Chiago)—Nov. 16.—Imbued with the hustling spirit of Chicago, Queen Marie arose today at an unqeenly time for a swim in a local athletic club pool and then plunged into a strenuous program for the day—the last full day in the windy city before starting for Indianapolis tomorrow.

While Queen Marie was receiving an honorary badge from the Red Cross officials and visiting various welfare headquarters and museums, Princess Ilena and Prince Nicolas "did" the stockyards.

Since the royal invasion there is is no place in Chicago safe from high hats. The accompanying functinaries wore them through the steel mills in Gary, Ind., when her majesty visited them. The "toppers" were present again today in the stockyards. The steers stoically awaiting slaughter blinked in amazement.

Her majesty denied specifically today reports from abroad that she had discussed or made arrangements for a Roumania loan with American bankers.

Sewer System For Union Township Is Approved By State

Will Be Constructed As Rapidly As Needed In Territory Adjoining City

County Engineer C. H. Milholland received a message from the State Health Department yesterday announcing that the department had approved the proposed sewer system for Union township. Plans for the system were made by Engineer Milholland and submitted to the health department about six months ago.

The proposed sewer system will take in all the territory contiguous to West New Castle. The sewer system will be constructed as needed and will empty into the sewer system of the city of New Castle. It is expected that work will begin on the system within a short time.

Inspectors Must Report Daily To City Engineer

Councilman William T. Burns today informed colleagues that a loose method of keeping time of city-appointed inspectors has been employed and as a result inspectors must, in the future report to City Engineer Frank Miller. If they work, they must say so; if they arrive at the job and the absence of a contractor, due to rain, makes it impossible for them to work, they must say so—and they will not be paid for the time they do not work.

As soon as the appointment of T. C. Armstrong, as inspector on the Barbour Place sewer, was confirmed, Burns asked Engineer Miller:

"Do you know whether the inspectors work or not?"

"No," replied Miller.

Councilman Tyler said Burns' question was appropriate and it developed that when inspectors work, they do not report to anyone and there has been no system, other than that of the inspector, himself, of knowing the days he has worked.

It was decided finally they must all report by telephone as soon as they reach the scene, telling Miller, the city engineer, whether or not they are working.

CRUELTY CHARGED IN DIVORCE CASE

Greenville Man Dies Of Injuries, Struck By Machine

(International News Service)
DUNKIRK, N. Y., Nov. 16.—Francis H. Gibbons, of Greenville, Pa., who was struck by a "hit and run" motorist a week ago, near Fredonia, N. Y., is dead here today. Gibbons had been employed in the grape vineyards at Fredonia.

Council To Make New Inspection Of Arlington Ave.

Will Look Over Paving Before Taking Final Action On Job

Solicitor Robert White today presented an opinion to city council relative to Arlington avenue property owners protest, which said that they will have to pay assessments if the city accepts the paving as completed. Several days ago property owners requested council not to accept the paving, declaring that if they did, they would refuse to pay assessments.

White's opinion said that the "only question at issue" is whether or not council will accept the work as done.

"The engineer has certified that the contract has been completed and it is not smooth.

"If you accept the work as 'completed', the property owners will have no recourse against the city and will have to pay their assessments.

"However, if the city accepts the work as 'it is now', the city cannot complain of smoothness. It is up to council".

Council received and filed the opinion after which they decided to again visit the avenue and interview property owners.

Approximately $15,000, due Contractor John B. Thorson is being held up by city council.

Indications Are For Lower Coal Price

Although local coal dealers say they are not in a position to say whether coal will take a drop in the next few days indications are that with shipments overseas being curtailed the prices in the Pittsburgh district will fall some in the near future.

FINES IMPOSED IN TRAFFIC CASES

Floyd Moore, charged by Officer Faella with parking his car too near a street intersection, paid a fine of $3 Monday at the city police court. This habit is proving one of the greatest causes of automobile accidents and the fines are being imposed, not for the revenue, but to put a stop to this practice.

The Scarazza Coal Company paid a fine of $3 on a charge of operating a motor vehicle on South Mill street with the cutout open. Motorcycle Officer Richards ordered the appearance of a representative of the company in police court.

HALLIE JOHNSON PAYS FINE MONDAY

Hallie Johnson, negress, charged with disorderly conduct by Mrs. Tyler a neighbor, before Alderman Walter T. Hamilton, paid a fine and costs. She was arrested by Detective John Miller.

Mrs. Ben Braby And Daughter Are In Hospital

Both In Serious Condition As Result Of Explosion In Braby Home

WERE CLEANING WITH GASOLINE

Braby Home Also Badly Damaged As Result Of Blaze

(Special To The News)
WAMPUM, Pa., Nov. 16.—An explosion of gasoline being used in cleaning clothing in the cellar of the Ben Braby home on Clyde street about three o'clock Monday afternoon was the cause of two women, Mrs. Braby, aged 60, and her daughter, Mrs. W. C. Sturgeon, aged 35, among the best known residents of the community, being very seriously burned, the latter probably fatally, and the home badly damaged by the resulting fire.

Mrs. Sturgeon and Mrs. Braby, as soon as given first aid, were removed in the Marshall ambulance to the Ellwood City hospital, where it was reported this morning that their condition was serious.

The gasoline exploded with such force that it was heard in practically every part of town. The smoke arising from the fire caused a rush of people from all sides to the scene of the blaze.

Husband Wounds Wife, Then Takes Her To Hospital

Man Vanishes Following Shooting And Is Sought By Police

(International News Service)
PHILADELPHIA, Nov. 16.—Police today were searching for William Gavin, 29, who is alleged to have rushed his wife, Mrs. Dorothy Gavin, 26, of Brookline, Pa., to a hospital here last night in a taxicab then left hurriedly. An examination revealed Mrs. Gavin had been shot through the right breast.

Mrs. Gavin told police she had been separated from her husband for six months. He returned from Pittsburgh yesterday where he had been living since their separation and asked her to meet him at the home of a friend where their 3-year-old daughter Dorothy has been staying.

A quarrel ensued, she said, and Gavin shot her in the right breast. Hailing a passing taxi he took her to the hospital and fled before he could be detained, police said. Mrs. Gavin's condition is critical.

Lukens Points Out Same Conditions In City Building

Says City Tolerates Condition He Was Ordered To Abate In Building

Several weeks ago the city thru the medium of the health department forced Thomas Lukens, East Washington street, to provide adequate ventilation to outer air in a lavatory in a storeroom building he owned.

It cost Lukens $40. Today he appeared before council, with Lyle Emery as his representative and the order rebounded into council's face as they told council that the lavatories in the city building do not conform to the ordinance. They lack a route to outside air.

It appears that the closet the health department objected to had no ventilating window. The health department charged an odor existed. They told Lukens to remedy the condition or abolish the toilet. He remedied the situation by installing a window on hinges at a $40 cost. He thought that, providing the plumbing inspector had approved the plumbing work that the health officer had no jurisdiction.

Emery offered to point out hundreds of places in the city where the same condition exists.

He said the plumbing and toilet had been approved by the present inspector, E. S. Stevenson.

Stevenson, himself, and also Solicitor White said that hotels and other buildings, which have toilets, are not often connected to outer air.

The sum and substance of an argument lasting an hour was:—

If the plumbing inspector acting under a plumbing code approves an inside toilet, does the health department have power to make a property owner make changes—if it does not have outside ventilation?

Solicitor White recently said "yes" and declared that the department acted under a health ordinance and the city should not reimburse Lukens.

After considerable argument Dr. Steen, health officer, summoned to council, told of putting the order into effect, following a complaint.

He said other persons have been ordered to conform to the law.

Emery reiterated his declaration that the city should not make fish of one, flesh of another and charged that there are hundreds of inside toilets here without having a ventilator into outer air.

Council did not deny the charge.

He also pointed to the city building lavatories.

They did not deny this.

After one hour of protest by Lukens and Emery, the matter was allowed to stand—

The order has been complied with and Lukens paid $40. The city will not reimburse him.

Town Talk

In one of the lost advertisements in The News last night was a pathetic story. A small patent leather pocketbook was reported as lost on East Washington street or Franklin avenue. It contained a considerable sum of money. The News is informed today that this pocketbook is the property of a woman who lost it while returning from the cemetery where she had just buried her child. The amount in the pocketbook means much to this bereaved woman in this case, and it is to be hoped that whoever found it will quickly return it. The owner can be reached by calling phone 2546J.

Barney Google's mention of New Castle, Pennsylvania, in the cartoon printed last night was one that gave New Castle mention in hundreds of cities throughout this country. In every city where Barney Google cartoon is published the same thing was printed as that in The News last night. This mention given New Castle is the result of some enterprise on the part of The News, which would be a long story if all told.

Predictions of weather forecasters throughout the state seem to conflict. Some have it doped that this will be our severest winter in many years, while other sages have it that it will be mild. What do Lawrence county old-timers think of the indications? Send in your forecast for the winter.

Among the possibilities in the coming primary for the Republican nomination for county commissioner is John Kaufman of 1226 East Washington street. Turkey Demand Normal In City

Turkey gobblers on Lawrence county farms are strutting around proudly these day, little knowing that their fate is to be sealed within a few days.

While there are not many farms in Lawrence county that have flocks of turkeys, some are seen here and there in travels over the country.

There will be a big demand as usual for the home grown turkeys this Thanksgiving season, local butchers report. The demand for Thanksgiving poultry is quite up to normal in this city.

Street Improvements To Be Authorized

Ordinances Are Introduced Into Council Providing For Work To Be Done

Four ordinances providing for street improvements were introduced during today's session of council. Three provide for grading and paving and the fourth calls for extension of a North Hill thoroughfare.

The ordinance introduced and which were referred to a committee for further consideration, were:

Genkinger—An ordinance locating, establishing and opening a public street in the first ward between Wilmington avenue and Locust street as an extension of Garfield avenue and fixing the grade thereof. The ordinance provides that the avenue as located and established shall be opened throughout its whole length at the grade established. It is to be known as Garfield avenue.

Burns—Providing for the grading and paving of Lutton street between the west line of South Mill street and the west line of South Mercer street.

Burns—Providing for the grading and paving of South Mercer street, in the eighth ward, between the south line of Phillips street and the north line of Lutton street.

Burns—Providing for the grading and paving of Phillips street in the eighth ward between the west line of South Mercer street and the west line of South Mill street.

New Plan For Junior Red Cross Drive In Schools

Instead of the usual drive for memberships in the Junior Red Cross this year, Superintendent C. C. Green has inaugurated a new plan, known as the "service plan". Each youngster will be given a Red Cross service pin upon completion of certain work. In this manner it is hoped to bring the function of the Red Cross closer to each student.

Those students who wish to take out memberships in the Junior Red Cross will be permitted to do so at the usual fee of 25 cents, but the service pins cost nothing but a little effort.

her intellectual equal and her husband was not?" asked McCarter.

"She did not say her husband was not. She didn't mention her husband at all."

Mrs. Mills and Mrs. Hall were not on friendly terms, the witness said.

"Eleanor told me that she suspected Minna Clark, member of the church choir, was telling Mrs. Hall things about her," the witness said.

Police Officer Called

Captain Harry Walsh of the Jersey City police, was the next witness. He questioned Henry Stevens at the time of his arrest, he said.

Walsh was permitted to read from the stand a statement he obtained on August 21, 1926, from Stevens, concerning his whereabouts on the night of the murder.

Stevens, according to the statement, said he was fishing on the beach near his summer home at Lavallette, N. J.

Stevens named several men whom he saw on the beach that night. He was asked by Walsh who he had been fishing with and replied: "Mr. Applegate."

Walsh asked Stevens if he owned an automobile. Stevens said he did—a Ford.

"Where was it the night of the slaying?" Stevens was asked.

"Stored in my own garage."

"Is there any other car in your house?"

"Yes, Mrs. Stevens had a Chandler seven passenger car."

"Can you drive an automobile?"

"Only a Ford."

"When was the first time you went to New Brunswick after the murder?"

"Saturday evening, September 16, 1922, after I had received a telegram from Edwin Carpenter informing me of Dr. Hall's death. Carpenter is a cousin of Mrs. Hall."

"Did you know anything of the friendship of Dr. Hall and Mrs. Mills?"

"No, I did not."

"Did you ever threaten Mr. Hall?"

"Never."

Asked by Walsh if he owned a gun, Stevens said:

"I own a number of shot guns—no revolvers."

"You are an expert marksman?"

"I am considered a good shot."

Stevens added, however, that he hadn't fired a revolver in 25 years. Walsh was excused.

MRS. BEN BRABY AND DAUGHTER ARE IN HOSPITAL

some clothing with gasoline when the explosion occurred.

It is believed they were too near the heater.

Immediately following the blast Mrs. Braby and Mrs. Sturgeon rushed out of the basement. Clothing of Mrs. Sturgeon was ablaze as she ran, screaming, to the nearby home of H. W. Marshall. Mrs. Marshall told Mrs. Sturgeon to roll on the floor in order to put out the flames, and, acting on these instructions, the flames were extinguished, but not until Mrs. Sturgeon had been terribly burned over her body.

Mrs. Braby's clothing was not on fire as she wandered about the scene of the fire following the explosion, and Mrs. J. L. Petrie and others took her in charge and rendered all possible assistance to the stricken woman.

Immediately after the resounding noise of the explosion employes of the American Cement and Tile Company and Lastik Products Corporation, as well as people from every part of the town, rushed to the scene.

The first thought of all was the care of the injured, and when they had been given what assistance was possible they were rushed in the ambulance to the Ellwood City hospital.

Among the first persons on the scene were Rev. and Mrs. J. L. Petrie, the former being pastor of the Methodist Episcopal church here. They ran from their home, but a short distance away, and on arriving, while Mrs. Petrie assisted in the care of the injured persons Rev. Petrie endeavored to get into the home.

The doors and windows were found locked. Finally Rev. Petrie went up on the front porch and kicked in a large front window. He then went into the home and unlocked the doors, so that others might assist in fighting the flames and carry out what furniture it was possible to save.

There was a slight delay in getting the town fire-fighting apparatus to the scene. On its arrival the flames were mastered, but not until the interior of the home had been gutted. The loss will mount into several thousand dollars. It is possibly covered by insurance.

Condition Serious

At the hospital it was stated this morning that the condition of both women, particularly that of Mrs. Sturgeon, was very serious, making it a question as to whether they would recover.

Mrs. Sturgeon was burned over the body, every part of her clothing having been on fire and mostly burned off, except some few exceptions that were cut off after her arrival at the hospital.

Mrs. Braby was less seriously burned, but her more advanced age also makes the result problematical in her case. She was burned about the face, legs and arms.

The cellar of the Braby home is small and this necessitated the women working but a short distance from the furnace, which was the probable cause of the explosion.

Mrs. Sturgeon lives next door to the home of her parents and was assisting her mother at the time of the terrible accident.

First Christian Choir To Practice For Christmas Music

The choir of the First Christian church will meet for rehearsal in the Y. W. C. A. auditorium on Thursday evening, November 18, at 7:45.

PENN PRESENTS RETURN OF THE "FOUR HORSEMEN"

Picture Made Famous By Rudolph Valentino And One Of Screen's Greatest In Triumphant Comeback.

RUDOLPH VALENTINO and ALICE TERRY in "THE FOUR HORSEMEN of the APOCOLYPSE"

Even screen productions do a comeback and Thursday, Friday and Saturday of this week the Penn Theatre will present the triumphant return to the screen of the Four Horsemen of the Apocalypse in which the late Rudolph Valentino played his first great part and created a role that will place him among the immortals. With Valentino is Alice Terry one of the most beautiful and talented stars.

The triumphant return of The Four Horsemen is due to millions of requests from fans everywhere, and the interest shown since the announcement of the return was made indicates that the Four Horsemen will be greeted by as big crowds this time as several years ago when it was first filmed.

Constance a Dream and Scream.

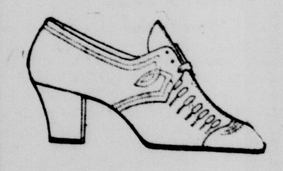

Playing at the Penn today and tomorrow is Constance Talmadge the imp of the Talmadge family in her latest comedy offering, the Duchess of Buffalo. It is a merry mixup in which a Grand Duke and the Grand Duchess play important roles and which is one of the most pleasing of the funny films ever made by Constance Talmadge.

The Penn also offers a fine comedy and a special showing of the football game between New Castle and Ellwood City High schools last Saturday at Franklin field. It is a master program in New Castle's superb playhouse and you should see it. An extra added feature is a fine solo as a prologue to the Duchess of Buffalo.

FINE PROGRAM AT CLUB MEETING

Members of the Woman's club had an interesting program in the Highland U. P. church Monday afternoon. During the business session six members offered their services to assist the Council of Jewish Women with the sale of articles made by the blind December 2, 3 and 4.

Senator Henry Lanius of York, Pa., spoke on "Prevention of Blindness." He told something of the work done by the Pennsylvania Association of Blindness and cited facts as the percentage of blindness among school children.

He was followed by Attorney Walter Reynolds who gave an interesting account of women in countries from Alaska to South America taking in Scotland, Czechoslovakia Syria, Turkey, Belgium, Africa and Palestine. Mr. Reynolds pointed out that only those countries where women are factors and treated with respect, seem to be progressive.

The next meeting in two weeks will be in charge of the Department of Education.

Girl Gains 7 Pounds, Makes Man Happy

"My daughter had constipation, gas on the stomach and a very poor appetite. Since taking Adlerika, she has gained 7 pounds and her appetite is good".—H. F. Newman.

Adlerika is a compound of the best saline intestinal cleanser with glycerine, buckthorn, cascara and other gas-expelling and detergent elements. It is excellent for Intestinal Stasis, a disease due to modern ways of living and which is often the true cause of sour stomach, gas bloating, nervous dyspepsia and restless sleep.

Unlike most medicines, Adlerika acts upon BOTH upper and lower bowel, giving the intestines a REAL cleansing and bringing out old poisonous matter you never thought was in your system. Even if bowels move daily, you will be surprised how much more old matter Adlerika brings out which may have been causing all your trouble. In slight disorders, like occasional constipation, GAS bloating, indigestion or sick headache, ONE spoonful always brings relief.

Doctors Praise Adlerika.

Dr. H. L. Shoub, New York: "Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal bacteria".

Dr. A. C. Curl: "I prescribe Adlerika with highly satisfactory results".

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika".

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated from my system".

Dr. F. M. P. (name withheld by request): "I use Adlerika in all bowel cases. Some require only one dose".

No matter what you have tried for your stomach and bowels. Adlerika will surprise you. At leading druggists. In New Castle at Love & Megown's.

YOUTH ON THE FARM

THE difficulties, desires, opportunities, deprivations, work, play, education, religion, home and social life of the young people on the farm were subjects of serious discussion at a recent conference in the national capital.

It is undeniable that rural and national welfare are deeply affected by the kind of answers that farm youth can give out of its own experience to the question: "Is country life worth while?" This does not necessarily mean that rural welfare and progress depend on retaining all the farm-bred boys and girls on the farm, but it does mean that only farm youth can give the answer as to what is to become of country life. If farm life does not appeal to the young folks who know it intimately, there is urgent need of finding out why and trying to give it such appeal.

This problem is not new. Two decades ago it was emphasized by President Roosevelt's country life commission and continuously since then it has been in course of analysis. Today, it is doubtful if it has been fully analyzed and it is surely far from being solved.

On the economic side the situation is perhaps morse at the moment than it was at the beginning of the century. In a recreational and social way it is much improved, and yet the automobile has not had quite the beneficent effect expected. By increasing the mobility of country folk the automobile has largely abolished the little rural community life that did exist.

WORLD COURT SITUATION

THE World Court nations so far have failed to indicate what they expect to do in the matter of American adherence to the court.

At one time seven of the minor powers were on record as favoring American entrance under the terms of the senate reservations. Four of these have withdrawn from this position. Deep silence covers the intentions of all the other signatories.

There the matter rests, with small prospect of any immediate break in the deadlock now that the president has announced he will not ask the senate to modify its position.

For there is little probability that the senate, which somewhat reluctantly agreed to adherence even with the reservations, will weaken and yield to the wishes of the court powers.

The court has lost considerable grounds in the senate since the reservations were passed and congress adjourned.

SPUR TO AVIATION DEVELOPMENT

THE magnificent performance of an Italian plane and pilot in setting a new world's record for speed and winning the International Schneider Cup Race on Saturday should be a greater incentive to aviation improvement in this country than if the American team had won.

The Americans using the same planes as had been entered for last year's victory, but with improved engines, were unable to equal the average speed of 232.573 miles an hour then attained by Lieutenant Doolittle. The Italian entry in last year's race had finished third with a speed of only 168.444 miles an hour. How great an improvement has been wrought by the determination of the Italians to remedy that defeat may be gauged by the fact that Major de Bernardi's monoplane averaged 246.496 miles an hour. This is seventy-eight miles an hour better than the Italian record last year and nearly fourteen miles an hour better than the winning performance of Doolittle for the United States at that time.

There is no occasion for excuses based on accidents such as wrecked one of the American planes the day before the race and downed another on the last lap. We failed and one of the reasons may be found in the fact that we used the same old machines for want of funds to build new models. That the construction of planes for racing purposes, and particularly for the Schneider Cup, which carries a severe test of general utility, is not a waste of money is evidenced by the fact that the special racing type of today will be tomorrow's standard scout and fighting unit.

Incidentally the Navy aviators will not feel half so badly about being beaten by the Italians as they will over their failure to make good in their own marine element by equaling or beating the record of the "sea-going" Army aviators last year.

Religion should be a feeling, not an argument.

We have an idea if there is a good hot hell the original intention was to have it for liars and character assassins. It's too good for 'em at that.

If our new hotel was ready for business we would invite the Queen of Roumania to come to New Castle and spend the week end. We would show her the biggest little city in the world. But it's out of the question. Maybe the next time she comes over we can have her here.

To date we have heard no complaint from the bandits and highwaymen about business being bad. The thieving business always seems to be good.

Savings deposits in the banks of this country in June of this year amounted to over twenty-four billion dollars. That ought to open things up a bit about Christmas time if people wanted to make a splurge. They have the money all right now.

An actress just married for the fourth time says the other three times she was tied up was only training and she is really happily married now. It's not every woman who gets that much training before striking the right man. Most of 'em pick off some bozo and just suffer in silence for ever afterwards.

A lady in West Virginia is charged with robbing a department store and she also formerly owned the store. Maybe she only went back for something she forgot. Let's be charitable.

One of the defendants in that New Jersey murder trial had a suit dry cleaned and it had spots on it. His lawyer tried to explain that away by telling the jury that he was in the habit of getting food on his vest. So many men are, we have noticed and vests are wonderful soup catchers since mustaches are no longer katish.

A New York woman made the request that her funeral cortege stop at a restaurant on its way to the cemetery and all in it have a good dinner. If this practice gets common those who just went to funerals for the ride will have to get back on the job again. There will be eats in addition to the ride.

An insurance company makes the claim that a college boy with an automobile is an unusual insurance risk. We have thought that ourselves when we have seen some of them out on the roads. The risk seems even more so when some flapper is leaning up against the unengaged arm.

Today's Storyette.

On the occasion of a most interesting family event, Mr. Peedle who desired a son, paced the drawing room in extrem agitation until at last the doctor appeared in the doorway.

"Oh, oh, tell me," he gasped, "what is it—a boy or a girl?"

"Tr-tr-tr—" the physician began stammeringly.

Peedle paled.

"Triplets! Merciful providence!"

"Qu-qu-qu—" sputtered the doctor.

Peedle pales some more.

"Quadruplets!" he moaned.

"N1n-no!" the physician snapped "Qu-qu-quite the contrary. "Tr-try to take it qu-quitely. It's a girl."

If money will make a merry Christmas the one that is just a few weeks away ought to be the merriest and happiest on record. Treasury officials report that the banks of the country are just bulging with $50,000,000,000 in cash ready to be put into Christmas business. Just think of that, figure out how much of that is allotted to New Castle and tell all the potential buyers what you have and the prices of it. When you know that the people have that much money to spend doesn't it make you want to advertise your merchandise? Well, it ought to.

The British coal strike is ended and it was a complete rout for the coal miners. The British strike was one of those ill-advised affairs like the recent hard coal strike in Pennsylvania and ended as only it could end. The British miners demand that the government pay them a subsidy to guarantee them certain wages per day for working in the mines and the Government refused. In England as in America, the government is bigger than the miners or any other class of workers, though some people can't see this.

Vanderbilt Annulment.
Miss Dorrance at Work.
Why Live Longer?
The Best 30 Years.

By ARTHUR BRISBANE
(Copyright, 1926, by N. Y. American, Inc.

Bishop Manning of New York's Protestant Episcopal church is annoyed because the Roman Catholic church has annuled the marriage of the duke of Marlborough to Consuelo Vanderbilt.

Thirty-One years ago they were married in St. Thomas's Episcopal church in New York. Both had been baptized in the Episcopal faith in infancy. The American duchess divorced her British duke six years ago; both have married again. Before that they had two children, one of whom will be the next duke of Marlborough.

* * *

Monsignor Lavelle, speaking for Catholicism, says the Catholic church "does not annul a marriage without good reason, for a duke any more than it would for a tramp."

"There might have been a sinful agreement between them before the marriage that would nullify marriage, such as agreeing not to have more than one or more children, or to divorce and remarry if they grew tired of each other."

* * *

The Catholic church refused a divorce demanded by Henry the Eighth of England, although he had the power, and used it, to take away all the property of the Catholic church in Great Britain. Henry the Eighth's annoyance over that incident saved Martin Luther, Charles the Fifth, to oblige his friend Henry of England would not allow the Catholic authorities to serve Luther when he appeared at Worms, defying Rome. But for that divorce incident there wouldn't have been any Lutheran church.

* * *

A question that perhaps interests the Vanderbilt family is "now that the Duke of Marlborough, announcing his intention to become a Roman Catholic, has had his marriage annulled, will he return to his wife the seven million good American dollars extracted from the W. K. Vanderbilt fortune previous to his marriage, by the intelligent solicitor that the duke brought with him from London?

The answer probably is: "No. Findings, keepings."

* * *

Miss Eleanore Dorrance, intelligent daughter of an able father, enters her father's factory at the age of 18, to help manufacture 350,000,000 cans of soup every year. The young lady, fortified by a course of study at the Sorbonne in Paris, will earn 30 cents an hour peeling tomatoes. That isn't much for an only child whose father is worth fifty millions.

* * *

This highly educated girl should first make sure that all mineral salts in the vegetables and meat are preserved in the soup, then move over to the advertising department and write about it. There she might double her father's output and income.

* * *

American cooking methods usually boil out the precious mineral salts and throw them away.

Feed one rat abundant food from which all mineral salts have been extracted. Give another rat nothing but plain water. The plain water rat will outlive the other.

* * *

Prof. Julian Huxley, heir to the scientific genius of the great Huxley, says the life of human beings is to be much longer in future generations. Eugenics will breed stronger babies, end infantile deaths, and births will be fewer. They must be to prevent over population. The elephant lives 100 years, its female only having two or three calves in that time, usually, and it knows nothing of birth control.

* * *

Everybody says we are to live much longer, but nobody has definite plans to make longer life worth while. Merely to dance, eat, drink and make a little more money for 50 additional years would be hardly worth while.

* * *

Congratulate Mexico on one proof of enlightenment. The government forbids importation and use of "comforters," harmful rubber nipples put into babies' mouths to keep them from crying. They exhaust the baby's salivary glands, make the top of the mouth too high and the teeth crooked. We still use thousands of them in the United States, as we once poisoned hundreds of thousands of babies with soothing syrup.

* * *

Dr. Millikan, brillant California scientist, says the last 30 years have been the most brilliant in the history of mankind and have done more than any other period to enrich the human race. The statement is true, if yau put material benefit above intellectual achievement.

* * *

But there are no six names in the last 30 years that can stand beside the names of Copernicus, Tycho Brahe, Kepler, Galileo, Descares and Newton, the immortal sextet of celestial mechanics.

Apart from knowledge of the cosmic machine men have learned more in the past 30 years, perhaps, than they ever learned in any 1,000 years. They are beginning to understand chemistry, which includes nearly everything important to human power, life and wealth.

HOOKS

Be definite.

You can't hang clothes in a closet unless you have something to hang them on.

You have to provide hooks.

Likewise:

You can't get me to subscribe to your fund unless you have something definite to hang the subscription on. You have to show me where the money is being used for an actual, worthwhile purpose.

You can't get me to hire you unless you have something to hang the employment on. You have to show me something definite that you can do.

You can't sell me your automobile unless you have something to hang the sale on. You have to show me definite points of superiority.

Vague reasons, airy arguments, general ideas, won't do.

Be definite.

The other day I talked with a college president who had raised something like a million dollars for his institution in a few years.

Said he:

"I found out long ago that you have to have something to hang gifts on if you expect to get them.

"If you say, 'Teachum College Needs Money,' it goes right on needing money.

"But if you say, 'Teachum College is building this Science Building and needs this much money to complete it'—And show the plans and figures, the chances of success are infinitely higher."

One approach is trying to hang the coat on a wall without any hook on it. The other has the definite hook right there.

In the closet of Life the hooks upon which the good things are hung are definite propositions.

Be definite.

ANY MAN IS POOR—

Who has lost his health in his race for wealth.
Whose children do not hold him in high respect.
Who has sold his soul for an office.
Who has traded his honor for profits.
Who allowed God to get away while he was building up his business.
Who has lost the mastery over his own life.
Who has become a slave to his own success.

The World AND THE Mud Puddles

BOOTLEGGER'S INCOME TAXES

The Treasury Department of the United States forms a two-fold function when it comes to the matter of bootlegging. It is up to one side of the Treasury Department to enforce Prohibition. It is also up to the other side of the Department to collect income taxes. The Department does not always discover enough evidence to enable them to arrest and prosecute the bootlegger for the violation of the Volstead Act, but it often finds the bank account of the bootlegger, and insists upon collection from the individual possessing the bank account, bootlegger or not, a fit and suitable income tax.

The query has often been put, "Can the Government righteously collect an income tax from a law breaker deriving his income from the profit of his law breaking?" Recently Viscount Haldane and (notoriously) Baron Darling, both Members of the highest court of Britain, the Judicial Committee of the Privy Council, became facetious when the Committee considered an appeal by the Canadian Minister of Finance against a decision of the Supreme Court of Canada respecting one Cecil Smith, a confessed bootlegger. The question before the Committee was: "Should the Crown reap taxes from incomes known to be drawn from illegal sources, or is the $90,000 annual incomes of Cecil Smith non-taxable because he is a bootlegger?"

Without impaling themselves on either horn of this dilemna, Lords Haldane and Darling reminisced and became all but raucous:

Viscount Haldane: "Once, when a burglar in the Exchequer Court asked for an accounting against his partner, the Court clapped both in prison. A man cannot invoke his own wrongdoing against the law."

Attorney Britt, (Counsel for Bootlegger Smith): "But suppose a man should set himself up as a professional murderer of Cabinet Ministers, would not the Crown refuse to receive taxes from the murderer's source of income, lucrative though it might be?"

A. C. Clauson (attorney for the Crown): "One has only to look into a man's pockets, and if there are profits there, that is enough for the tax gatherer. I do not say that if the pockets be full of stolen spoons, one spoon should be taken as a tax on burglary. There is a valid distinction between profits and loot."

Baron Darling: "After all, the bootlegger is only a smuggler and in the Eighteenth Century everybody traded with smugglers . . . Now if a man were a pirate the Law should say 'Although you are a pirate, I wil itax you and because you are a pirate, I will hang you. . .

"The State, I may remark, has taken the estates of numerous hanged criminals; but no one calls that going into partnership with felons. . . ."

"I recall, however, that once, when a highwayman took a case into one of the courts, the presiding Justice suffered a fit from which he never recovered."

Just Folks

A WORD FOR XANTHIPPE

It's all very well for philosophers wise
The value of money to scorn and despise.
But while Mr. Socrates talked through the day
Xanthippe, his wife, had a few things to say.
And she'd rather have lived on a workingman's wage
Than have starved as the wife of an indolent sage.

They say that Xanthippe was shrewish and stern
And she nagged the old man till his cheeks used to burn.
As he sat with his friends she would come in and shout:
"Every one of you loafers get up and get out!"
And Socrates said, as his shoulders he'd jerk,
"Don't mind the old girl! She just wants me to work."

They've given Xanthippe a harsh name to bear.
While Socrates now has a crown he can wear.
But I venture to say it's not much of a life
When a woman must be a philosopher's wife.
I am certain an angel from Heaven would balk
Were she tied to a man who did nothing but talk.

POEMS I LOVE

BY CHARLES HANSON TOWNE

"Our Dead," by Robert Nichols.

Young Robert Nichols wrote Ardours and Endurances" during the World war—a book of poems which received wide praise. He was one of the fighting poets of English, who abominated the conflict but saw nothing else than the necessity of facing the hard fact of it. There is no discounting the point of view of those who actually suffered in battle. Their message has a value not otherwise obtainable. Nichols is a friend of Masefield, and lives near him at Boar's Hill, just outside Oxford.

They have not gone from us. O no! They are
The inmost essence of each thing that is
Perfect for us; they flame in every star;
The trees are emerald with their presences.

They are not gone from us; they do not roam
The flaw and turmoil of the lower deep.
But have now made the whole wide world their home,
And in its loveliness themselves they steep.

They fail not ever; theirs is a diurn
Splendor of sunny hill and forest grave;
In every rainbow's glittering drop they burn;
They dazzle in the massed clouds' architrave.
They chant on every wind, and they return
In the long roll of any deep blue wave.

Daughters Of The King Have Meeting In Trinity Church

Plans Were Made To Distribute Gifts Of Fruit To Needy Families At Thanksgiving Time

The meeting of the Daughters of the King in the Guild Room of Trinity church last evening was the occasion of a fine manifestation of Christian generosity and thoughtfulness. After a bountiful tureen dinner for about 25, a shower was held for Mrs. Winsor A. McNally, the president and a recent bride, who was the recipient of many attractive, as well as useful gifts. Mrs. Fred House, who is leaving shortly for Lansing, Mich., received a handkerchief shower, which included some exquisite examples of art needle work. At the business meeting, gifts of fruit or substantial baskets were planned for Thanksgiving for the sick, needy, and shutins. Copies of the Parish Calendar, showing the seasons and days of the Christian Year were distributed to be sold among the people of Trinity at 25 cents each. The heading, consists of: a picture of the church, together with the telephone number, the hours of services and the days and hours of the meetings of organizations while on the back is much useful information, especially suggestions for daily Bible readings. The members of this organization, the Daughters of the King, plan to attend the service next Sunday morning at 7:30 o'clock when all will receive the Holy Sacrament, praying for the spread of Christ's Kingdom among women and for God's blessing on Trinity church, New Castle. So many things pertaining to good works were on the list of business to be transacted that it was not completed before the hour of adjournment.

McClure, Pa., Bank Is Burglarized

(International News Service)

McCLURE, Pa., Nov. 16.—Officials of the First National Bank here today were unable to determine the amount of money and securities stolen last night when robbers gained entrance to the institution and looted the vaults, it was announced.

It is believed that a check-up will reveal that several thousand dollars worth of securities were stolen. At least $200 in cash is missing. The bandits burned through the outer safe wall with an acetylene torch.

State police from Sunbury and Harrisburg arrived here at noon to conduct an investigation.

Abandoned Baby Found In Sharon

(International News Service)

SHARON, Pa., Nov. 16.—Sharon police today were investigating the abandonment of a three-weeks-old baby found on the front steps at the home of Francis Moriarity this morning.

The baby, a girl, was well dressed, and was wrapped in a bundle of blankets in a large basket. No note or clues of any kind were found with the baby, which was asleep when found by Moriarity, a mill worker, as he was going to work.

The baby was taken to a local hospital, where it will be held while efforts are made to locate its parents.

The adjective in "fair sex" refers to looks, not to highway manners.

Slender Lines Achieved For The Woman of Mature Build

Not so long ago the woman with the stout figure thought—and rightly, too—that she could not possibly buy a dress ready made. She must purchase the material, select a pattern, and have a dressmaker make it. That is all changed now.

$29.75

The woman who is inclined to stoutness will be pleased at our carefully chosen collection of dresses. So cleverly are they designed, with tunic to add height and trimmings to emphasize slenderness that you will not hear anyone say "hasn't she gotten stout?"

Dresses of crepe and crepe backed satin in raisin, cocoa, leaf green, chanel red and black.

On dress in crepe backed satin has a panel of rose taupe metal cloth—this same material trimming collar and cuffs. The skirt is shirred in front. Another for a short stout has pleats extending from shoulder to hem, both back and front.

One in leaf green has the entire waist section tucked in diamond design, has a vestee of flesh color with piping on belt and sleeve. A draped skirt gives just the finish needed for a very attractive dress.

The Corset For You—If You Are Stout —Smart and Stylish

To make the new gown a success it must be properly fitted over a well fitting, comfortable corset.

This corset will give you the stylish figure. It has a real belt within a back lace corset. So easy to adjust—just what you have always wanted.

One reason the Unda-Belt, with which this corset is fitted, has the advantage over other corsets of similar design is that the front may be detached and adjusted on the encircling band—wherever it should be to support and reduce the abdomen.

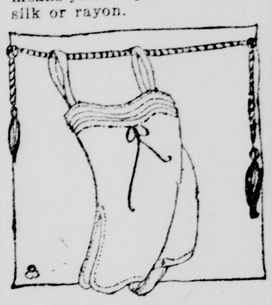

Try this corset once and you will never wear any other.

$5.00

Dainty Silk Undies

In order to have your corset give you the necessary slenderizing lines you must not have bulky undies—that means you simply must have silk or rayon.

Step-In Chemise
$5.00

Fine crepe de chine step-in edged with lace, and made with tiny pocket. Could anything be nicer? In all the pastel shades.

Tailored Chemise
$3.95

Crepe de chine chemise in tailored styles, with hemstitched top and finished at bottom with lace edge. Very smart.

Rayon Bloomer
$1.95, $3.50

Bloomers of rayon in shades to match hose. Cut full and with crotch reinforcement.

Vests to match with ribbon strap at $1.00

Fitted Chemise
$5.00

This chemise will be liked by the stout woman as it is fitted at the waistline thus eliminating any fullness. Trimmed with lace and ribbon rosebuds; two tone ribbon shoulder strap.

Silk Step-In
$3.95

Step-in of crepe de chine and pleated georgette. In all the pastel shades.

Brassiere to match $1, $1.50

Damages Demanded For Woman's Death In Auto Accident

Case Of Harry D. Pitzer Against Jiansi Di Gurgonio On Trial Today

The case of Harry D. Pitzer and others against Jiansi Di Gurgonio of Beaver Falls was taken up at court today before Judge Henninger. Plaintiffs are suing to recover $5,000 punitive damages and $7,500 damages as the result of an automobile accident on the New Castle-Beaver road on May 4, 1924, in which Mrs. Margaret Pitzer of Union township was killed. Pitzer, with his mother and several others, was driving toward Beaver Falls when they met Di Gurgonio, coming toward New Castle at a high rate of speed. Pitzer drew off the concrete to let Di Gurgonio pass, but was struck. A bow of the Pitzer machine, which was broken by the impact, penetrated the throat of Mrs. Pitzer, severed the jugular vein and caused her death. It is claimed that the accident was due to the recklessness of Di Gurgonio.

THE NEW BY MAIL, ONE YEAR, $5.00

Mail Bandits Have Little Chance Of Escaping Officers

By GEORGE H. MANNING
(Washington Correspondent of the News.)

WASHINGTON, D. C., Nov. —16.—Have mail bandits the same chance of getting away with their hides and their loot as ordinary robbers or highwaymen?

This question has been asked more during the past year, as a result of the apparent frequency of successful holdups of mail trains, trucks and postoffices throughout the country and the carrying off of money and other valuable securities. Interest in the subject has been renewed since the recent robbery of a mail truck at Elizabeth, N. J., and the action of the government in assigning United States marines to guard mail trains, terminals and transportation facilities carrying money packages entrusted to the care of Uncle Sam.

Capture is Certain.

Postoffice officials answer this query by replying that a mail bandit has about as much chance of escaping the clutches of the law as an everyday citizen has of ignoring his gas or his electric light bill. And they back up their contention by facts and figures.

According to figures on file in the office of Rush D. Simmons, chief inspector of the postoffice department, who has a force of 520 inspectors and 15 inspectors in charge of divisions in various parts of the country, 37 criminals, convicted of holding up and robbing persons who had custody of the mails received sentences aggregating 646 years during the last fiscal year. During the year there were seven important robberies of the mail, involving a total loss of $289,000, of which $125,000 was recovered. The number of arrests of mail robbers of all classes amounted to 894, of which 684 were indicted and 669 convicted to serve terms of various lengths in United States penitentiaries.

Crooks Are Fearful.

It is well known to the mail bandit that the postoffice inspector never quits a trail until the crook is dead or behind the bars.

"The criminal world has a wholesome fear of postoffice inspectors," said Chief Inspector Simmons today, "and it is because of the reputation of these inspectors for 'keeping at it' long after most officers of the law are willing to quit and forget. The ideal here is that the United States mail is such a sacred institution that no tampering with it or fraudulent use of it shall go unpunished, even though it may take as it does, 5, 10 or more years to discover or run down the offender."

As an illustration of the manner in which the postoffice inspectors carry on their work, displaying characteristic traits of stick-to-itiveness and persistency, the case of James Johnson, alias Portland Ned, probably one of the most experienced safe-crackers in the world, is cited. Johnson was arrested on August 14, 1914, at Danbury, N. C., on an indictment covering the burglary by him of the postoffice at Plymouth, N. C., on June 13, 1898. The bandit, in this particular instance, when confronted with the charge against him, desired to know whether the inspector was "raking up the graveyard" against him. Subsequently, he was sentenced, January 22, 1915, to seven years' imprisonment and the records of the postoffice department show that he is now serving a 14-year sentence in the state penitentiary at Raleigh, N. C., for other crimes.

Those criminals who have been so elusive as to escape from the postoffice inspectors to date, if they are still included in the list of those missing but still living, no doubt are passing many sleepless nights in fear of their ultimate capture by the small band of faithful sleuths of the United States postal service.

In addition to the marines now guarding the mails, the department affords every facility to its employes to guard against possible holdups on mail trains and other methods of transporting the mails. Armored trucks, with bullet-proof windows and doors are now in operation at a few of the larger postoffices and additional ones will be constructed at once. The postal clerks in direct charge of the mail trains go armed with rifles and they have orders to "shoot to kill" in case circumstances warrant such drastic action.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

We say it again and again.

We say it this way and that way, but we always say it. And the public believes us when we say:

Ohio Election Officials Face Removal Order

(International News Service)

COLUMBUS, O., Nov. 16. — The election boards of Mahoning (Youngstown), Hardin and Guernsey counties face removel due to their failure to forward results of the recent election to the Secretary of State's office, it was announced here today.

All other counties have certified their returns to the Secretary of State, and the law requires that this be done within ten days after an election.

Failure of the three counties to report their official vote has caused delay in notifying successful candidates of their election, the Secretary of State said.

GARBAGE PLANT IS BUSY IN OCTOBER

The report of the superintendent of garbage collection for the month of October indicates that there is considerable garbage being collected and incinerated. The report follows: Tons of garbage collected and incinerated 475, loads of garbage hauled by outside trucks 100, swill garbage collected by private persons 200 barrels, picked up and incinerated 19 dogs and 11 cats. The amount collected for the burning of garbage was $44.20.

No matter how independent wives may get, they always let hubby pay the bills.

ECZEMA

The mighty healing power of Peterson's Ointment when eczema or terrible itching of skin and scalp tortures you is known to tens of thousands of people the country over, often the itching goes overnight.

For pimples, acne, rough and red skin, itching piles, ulcers, chafing, burning feet and all skin blemishes and eruptions it is really wonderful. Ask your druggist—and remember a generous box for only 35 cents.

Best Way to Loosen Stubborn Cough

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, throat tickle, bronchial asthma, or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified honey, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guaiacol, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

We Have Just Discovered In Our Warehouse 26 Sets of High Grade

100 Piece DINNER SETS

of High Grade Semi-Porcelain

In moving our Warehouse Stock last week we discovered 26 100 piece Sets of Dinner Ware which we had no record of. These sets are part of former shipments which we have sold in the past and are in their original crates never having been unpacked. Because there is so few sets we decided it would not be advisable to run one of our regular $1.00 down sales and so we are cutting the price to the very last penny in order to clear up our stock. In spite of the unusually low price WE WILL BE GLAD TO ARRANGE OUR REGULAR CREDIT TERMS ON THESE SETS but not our special $1.00 down terms generally applied on dinner sets.

Offered As a Thanksgiving Special at the Low Price of $24.95

(Including Table Cloth and Napkins Free)

Please bear in mind these sets HAVE NEVER SOLD FOR LESS THAN $29.85 In ANY STORE. We ourselves have sold hundreds of sets at that figure during the past few months. In many stores they are sold as high as $45.00 and well worth it. Each set contains complete service for 12—that is 12 large plates, 12 small plates, 12 cups, 12 saucers, etc., as well as the regular odd pieces such as platters, vegetable dishes, etc. Each set has gold bands and gold handles—with an unusually bright and attractive multi-colored decoration. There is not a home in New Castle which would not be glad to welcome these handsome pieces.

Please Note! Strictly First Quality Ware

We wish to clearly state that the sets we offer—every single piece—Is STRICTLY FIRST QUALITY WARE—There is not a piece of seconds in the bunch. Each is perfect in design, shape, decoration and luster. Please do not confuse these with the cheaper bulky grade generally sold at this price. This ware is high grade genuine American Semi-Porcelain. We make this guarantee—If, after you get the set home and unpacked you are not fully satisfied we will come and get it and refund every penny you have paid.

Remember—Just 26 Sets to Sell at This Price

After these 26 sets are sold we will not have any more at this price. As we generally sell from 75 to 150 sets during a sale at the regular price of $29.85 you will readily see how fast these will sell. Under the circumstance it will be impossible for us to accept mail or phone orders, so please come early.

The banquet which was given by the men of Millburn Grange on Friday evening was enjoyed by all. About 150 people were served. The evening was spent in a social way.

Mr. and Mrs. Henry Broadbent were New Castle shoppers Friday.

Mrs. John Grolemund is quite ill.

Mrs. Helena Knauff is visiting her daughter-in-law, Mrs. Fred Knauff.

Mrs. Emma Hartt and daughter, Cora, of Erie, have returned to their home after a pleasant visit with relatives here.

Mr. and Mrs. William Amalong and daughter, of Ellwood City, were week-end guests at the home of T. L. Coryea.

The program which Millburn Grange was to present at Jackson Center Grange on Tuesday evening, Nov. 16, has been postponed to a later date.

J. B. Comstock attended the funeral of his aunt, Mrs. W. W. Drake, which was held at her home in Youngstown, O., on Thursday.

Ed. Thorne of Jackson Center called on friends here on Sunday.

Mrs. M. S. Brenneman was a business caller in Mercer on Monday.

The Ladies' Club will hold their regular monthly meeting at the Grange hall on Thursday. This will be an all-day meeting. A tureen dinner will be served at noon. Election of officers for the coming year will take place at this meeting.

Mr. and Mrs. J. B. Comstock were the guests of Mr. and Mrs. P. L. Beight of New Middletown on Sunday.

Miss Nellie Colligan of Mercer called on friends here on Friday evening.

Mr. and Mrs. Edgar Porter, Clarence Porter and William Brenneman of Ellwood City spent Saturday at the home of Mr. and Mrs. J. P. Hartt.

The town of Winchester, Mass., is particularly interested in the Yale-Harvard football game this year, as two of her sons will appear in the lineups—John R. Ordway of the Yale backfield and Arthur E. French, star back on the Harvard team.

Soviets Plan To Conserve Fuel

Moscow Will Be Darker, Gloomier And More Cheerless Than Ever

ORDER THEATERS TO CLOSE EARLY

By H. R. KNICKERBOCKER
International News Service Staff Correspondent

MOSCOW, Nov. 16.—Moscow will be gloomier, darker and more cheerless than ever this winter if the plans of the municipal Soviet for saving fuel are put into effect. It is proposed to cut off all electric current after midnight throughout the entire city with the exception of the central section occupied by the Kremlin and government institutions.

The use of any kind of electric apparatus such as stoves, irons, toasters, etc., is to be forbidden, and the citizens are urged to burn as few lights as possible.

Despite the immense forest and coal reserves of Russia, the economic machine has failed to provide sufficient fuel for the capital of the country. Wood is still the principal means of heating houses in Moscow, and the supply on hand is already "catastrophically low", to use the Russian phrase.

Priced now at about $12 a cord, fire wood will be selling at $25 to $30 a cord by December, according to forecasts, and by January or February it may be unobtainable.

All places of public entertainment, theaters, moving picture houses and cabarets are ordered by a new city ordinance to close not later than 11:30 o'clock in the evening. Factories, mills and repair shops are ordered to begin the working day at seven o'clock in the morning. Street cars begin service at five o'clock in the morning.

The new regimentation gives a picture of early to bed, early to rise, under a thick blanket of snow, on days unlit by more than a few hours of faint winter sunlight, and unrelieved from the monotony of toil for the ordinary Russian citizen save by the stimulus of alcohol.

So many Russians have resorted to alcohol with such unrestrained enthusiasm that the number of confirmed inebriates has alarmed the Commissariat of Health. It is now proposed to administer forcible "Keeley cures" to drunkards. The Commissariat of Health is consulting with the Commissariat of Justice over the framing of a law authorizing health officials to arrest confirmed drunkards, confine them to psychopathic institutions and treat them with all the approved modern devices for quenching their immoderate thirsts.

One melanholy aspect of Moscow is mitigated. No longer will visitors to Moscow be startled by the sight of gangs of prisoners marching down the center of the street, flanked on both sides by militiamen with drawn revolvers and bared sabres.

From now on prisoners being transferred from one jail to another or from the courts to jail will be carried in brand new "Black Marias" just purchased by the city authorities.

One reason why virtually all the products of Soviet industry are produced at an almost prohibitive cost, averaging often three or four times the cost of similar products abroad, is disclosed in a report of the Commissariat of Workers and Peasants Inspection. This commissariat is a unique institution, having the power to send its agents into any government factory or office, inspect the books, quizz the directors, and uncover if possible any mismanagement, wastage or embezzlement. Next to the G. P. U., or state political police, it is the greatest instrument of supervision in the country.

Investigating reasons for the high cost of beer, the Commissariat discovered that the Leningrad brewers annually sent to White Russia 360,000 gallons of grade A strong beer, while the White Russian brewers annually sent to Leningrad 660,000 gallons of precisely the same grade A strong beer. The cost of transportation totalled $400,000 a year.

Youth Pulls Fast One On Coolidge, Sees Grid Game

(International News Service)

BOSTON, Nov. 16.—Little "Joe" Hall of Edgartown, who faced eight charges of larceny in municipal court today, believes that the best is none too good for his "girl friend" and so he sat her in the box donated to President Coolidge at the Navy-Michigan football game in Baltimore.

At least that's "Joe's" story and he added that the president gave him a personal bodyguard and offered him the presidential car.

But "Joe" had a classy sport roadster of his own, which, he today admitted, he stole in Raleigh, N. C.

Little "Joe" told police inspectors he gained entrance to the White House by posing as the brother of Alfred Hall, Edgartown Republican leader, whom the president remembered.

Sheriff-Elect Of Cook County Dies Of Ulcers

(International News Service)

CHICAGO, Nov. 16.—Patrick J. Carr, successful Democratic candidate for sheriff of Cook county died following an operation for ulcers today. He was stricken election night after early returns indicated his election.

Carr was being groomed for mayor on the Democratic ticket.

ACTION IS FILED AGAINST DEFUNCT BROKER FIRM

(International News Service)

FRANKLIN, Pa., Nov. 16.—Prominent among the cases on the docket in Venango county quarter sessions court which opened here today was the embezzlement action filed by a creditor of the defunct brokerage firm of J. Howard Smiley & Co.

The action specifically names Smiley and Edgar Turnstall, partners of the firm. W. O. Milton, a creditor, is the plaintiff. The firm failed last spring, at that time estimating its liabilities as $70,000 and assets as approximately $30,000.

Mayor Candidate Is Kidnaped, But Returns To Vote

(International News Service)

LOWELL, Mass., Nov. 16.—Patrolman John W. Mahan was back in Lowell today in the nick of time to ask the voters to mark an "X" opposite his name for mayor in the primaries.

Kidnaped by political enemies, the candidate with nine rivals was whisked to Rhode Island in an automobile, his money was taken and he was imprisoned in a farm house.

He eluded his guards and begged his way via automobiles back here.

Deodorized Skunks For High School Play

BLOOMSBURG, Nov. 16.—Two deodorized skunks are to join the list of animal performers in the fourth annual production of hte training school of the State Normal school here when "The Pied Piper of Hamlen" is presented on December 3.

The skunks have attracted wide attention among the youngsters. Not only have the woods kittens been cured of halitosis but have been domesticated to the "nth" degree and are being trained for their part in the production.

Survey Shows Jews Turning To Farms

(International News Service)

WASHINGTON, Nov. 16.—Jews in America are beginning to turn away from the congested cities and go to the soil, according to figures submitted to the National Council of Jewish Women, in convention here today, by Mrs. Elmer Eckhouse of Newark, N. J.

In 1900 Mrs. Eckhouse said there were scarcely 1,000 Jewish farmers in the United States. Today there are more than 20,000 and the drift is growing.

The direct primary helped, perhaps, but you can't reform a crook by making him learn new methods.

Grand Jury May Probe Election In Pittsburgh

(International News Service)

PITTSBURGH, Nov. 16.—A grand jury probe of alleged irregularities in the counting of ballots cast in the recent election in three Allegheny county boroughs was expected to be requested today by Judges James H. Gray and James R. MacFarlane who are supervising the official count.

Their powers in such matters being limited, the judges were expected to ask District Attorney S. M. Gardner to order a grand jury probe. Evidence of unexplained alphabetical voting and other alleged irregularities was revealed before the judges in Homestead, Rankin and McKees Rocks precincts.

In several districts the judges said as many as 20 names were voted in alphabetical order. They also claimed to have found several "zero" wards in which William B. Wilson, Democrat, received no votes for senator.

Special Introductory Sale of New "ANTEX" Window Shades

Only 75c each

Six for $4.00

Complete—Ready to Hang—36 in. wide, 72 in. long—Rich, Dark Green or Beautiful Buff

(Wider shades in proportion)

No housewife will give her shades in years the punishment we give "Antex" window shades in a few severe tests.

Imagine crushing, crinkling or creasing your shades without ruining them! Yet "Antex" shades will stand such abuse—and a few rubs with a hot iron and damp cloth will make them look like new.

Would you think of deliberately puncturing an ordinary window shade? You can do that with an "Antex" shade, and a few rubs of the fingernail will close the hole.

Would you purposely subject your best window shades to the damaging effects of a drenching rain? Would you attempt to boil them for 60 minutes—or deliberately rub dust or dirt into the surface then try to clean them and make them look like new?

"Antex" shades have been subjected to all these tests. They have been boiled for 60 minutes, and when dry they have been rubbed over the floor and cleaned with a dry rubber sponge.

On the basis of the abuse they'll stand, and the beauty they add to your home, you should pay at least twice the regular price for them. It is only because of an inexpensive, patented manufacturing process that the price is so low.

It will pay you to buy during this sale to take care of your present and future needs.. Mark "Antex" shades on your shopping list now so you won't forget them! You can cut them down to fit any window as narrow as 12 inches an the edges will have no loose threads to ravel. Let us quote you prices on your window shade needs.

Rural Mail Carriers Organize In Mercer

Grove City Man Is Named As President Of New Body—Other Mercer News

(Special To The News)

MERCER, Pa., Nov. 16.—The rural mail carriers of Mercer county organized at their meeting Saturday evening here by the election of J. S. Christy of Grove City, president; S. F. Tait of Mercer, vice-president; James McCullough, of Greenville, secretary, and J. F. McClimans, of Greenville, treasurer. There are 51 carriers in the county and all belong. They are affiliated with the state organization. A ladies' auxiliary was organized with Mrs. S. F. Tait, of Mercer, president; Mrs. Walter Foust, of Hadley, secretary and treasurer. The next meeting will be held at Greenville on December 4th. Harver F. Sarver, Mercer carrier, presided as toastmaster at the Saturday evening banquet when the carriers of the county, postmasters and assistant postmasters were guests. Congressman-elect T. C. Cochran, of Mercer, Assistant Postmaster Major Clyde, of Meadville, were speakers. A report of the state convention at West Chester and the national convention at Philadelphia were given by N. H. Goodell, of Edinboro. Cyrus McMichael of Conneaut Lake, talked on organization.

The largest common pleas list in Mercer county courts went on trial Monday with 53 cases scheduled. Judge J. A. McLaughry will hear the list unassisted it is announced. Nine cases of the list are disposed of now by the taking off of the suits against the United Natural Gas Company.

The sum of $200 was collected in the Red Cross drive of Sunday here announced Mrs. Lawrence Ostrye who is in charge. This is just the start. The town will be covered again to solicit those away from home on Sunday.

The open season on birds closed Saturday. Grouse, quail and ring necks are included in the list of birds on which there was but a 13-day season from Nov. 1st to 13th. But 15 days remain of the month which is the hunting period allowed on rabbits and squirrel. The birds are reported to have been only fairly plenty, especially the grouse and quail. The ring necks, while plentiful, were limited to the shooting of the cocks. The most watchful care has been taken by game wardens to prevent the slaughter of game without regard to law as has been the case in previous years. There were ten assistant wardens in the county in addition to two game wardens. The allied sportsmen's clubs of the county have provided means for the prosecution of any game law violator caught.

The community Thanksgiving service takes place in the First United Presbyterian church on the evening of November 24th, Wednesday. Dr. J. S. Duncan, pastor of the First Presbyterian, will preach the sermon.

That the air mail service is 100 per cent efficient in routine is proven by the log book of the landing field near here in the care of William Tait. Not a plane landed at the Mercer field since February until one night this week. There are lighting towers each 15 miles of the New York to Chicago route. Each tower lights up a landing field of 50 acres that can be used in emergencies. Just how seldom these occur is miraculous when the wear and tear of the air traffic is considered say the officials. Since the first of July there has been a daily night service between these two cities. Prefacing this date there was no night service on Saturday and Sunday. The fields are being made ready for winter. Supplies of fuel for the heating of the care taker's house and for the gasoline motor which drives the electric generating set are being stored now for many of these houses are located on roads that are inaccessible after winter sets in.

While complaints at the office of District Attorney L. R. Rickard of bad roads in the county outnumber those of any previous Fall season it should not be forgotten says the official that the rains of August, September and October break all records for frequency and amount of water that fell. While there is some carelessness among the road supervisors it is found when investigation is made for the most part that the weather conditions have been such that it has been impossible to fix the roads.

AERIAL DEFEAT STIRS ACTION

United States Preparedness Advocates To Appeal For Development

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Nov. 16—Smarting under Italy's aerial victory in the Schneider cup races, preparedness advocates today planned an appeal to congress to develop a modern American air force, even if aviation must be taken out of the control of the war and navy departments.

Declaring the defeat of the American naval racers came as a "rude awakening", Senator Hiram W. Johnson (R) of California led the cry for an immediate improvement in American aviation. The Italian victory, Johnson said, demonstrated that the United States has fallen far behind European nations in the development of military aviation.

The Italians won with a new type of plane, Johnson pointed out, which did 246 miles an hour, about 15 miles faster than the fastest American plane.

The race incidentally was the first test undergone by naval aviation since Col. Billy Mitchell, former stormy petrel of the air service was court-martialled for attacking the government's aviation policy. The flying colonel's friends, rallying beside the preparedness advocates, undoubtedly will revive his fight for a separate department of aviation and renew his charges that American aviation is being neglected because it is being controlled by infantry generals and sea admirals.

Tortured By Fire Protecting Money

UNIONTOWN, Pa., Nov. 16.—In an attempt to force George Robinson to disclose the hiding place of his money, Frank Gridley of this city is said to have overpowered Robinson and buried his bare feet in hot foundry sand early yesterday when the two were in the vicinity of the Richmond radiator plant near here.

Robinson was found later with his feet burned to a blister and he was removed to the Uniontown hospital. He was able to supply police with the information that led to the arrest of Gridley, who was lodged in the police station awaiting the outcome of his victim's injuries.

Develop Process For Distilling Of Bituminous Coal

(International News Service)

PITTSBURGH, Nov. 16.—Gasoline and lubricating oils may be extracted from the poorest grade of bituminous coal, Dr. Frederich Bergius, noted German fuel technologist, told the international conference on bituminous coal in session here today.

Faced with a shortage of petroleum, Germany already has developed a process for distilling soft coal which is commercially practicable, Dr. Bergius informed the 800 scientists from all parts of the world assembled here to devise new methods of utilizing coal.

John Hays Hammond, noted American engineer, presided at today's sessions. Papers were read by Gen. Georges Patart, Paris; Dr. R. Lessing, London; Paul Dumanois, Paris; Dr. Hugs S. Taylor, Princeton, and Walter E. Trent of New York.

Rev. C. H. Holcomb Sends Report Of Convention Sessions In Memphis

The News is in receipt of the following from Rev. C. H. Holcomb, pastor of the First Christian church of this city, who is in attendance at the international convention of the Disciples of Christ in Memphis, Tenn.

Memphis, Tenn.,
November 13, 1926.

Editor of New Castle News,
New Castle, Pa.

Dear Sir: — The international convention of the Disciples of Christ is now in full swing in Memphis, Tenn. Registration has already reached nearly four thousand. This represents almost two million people of the Christian church in America. There are members and missionaries from nearly every country on the globe.

There are three main problems being given attention by the church today—first is the missionary, the second is the educational work, and third is the evangelization.

The missionary work has received a great deal of attention from the leaders of our communion during the last half century. Until we have developed a united organization with financial assets of more than twelve million dollars and more than four hundred missionaries in foreign fields. The problem concerning this missionary activity is whether this united organization shall become so large and powerful that ecclesiastical authority shall endanger the position of the local church. There are many among us who favor the dissolution of such an organization. There are others who desire to cling to it and make it still stronger. This difference of opinion constitutes a problem in government which is being given very serious consideration.

There is an element, not only among the dislikers of Christ, but among other communions as well, known as modernists, who are endeavoring to destroy the fundamental teachings of the church, and prefer to do that by creating ecclesiastical machine. It remains to be seen with us as with other communions whether or not this minority group will be able to dictate policies of our organized agencies or not.

Next in consideration is the work of our educational institutions.

"Speaking before the convention yesterday morning, Roy K. Raodruck, president of Spokane University, said that well equipped and sufficiently endowed colleges were testimony of broad vision of those religious denominations which sponsor them.

With reference to the institutions of the Disciples of Christ, he said: "May we think of the case as it pertains to our own situation. The colleges of the Disciples of Christ are distinctive as far as their organization and program go. The survey made a few years ago by the Council of Church Boards of Education revealed some interesting facts in its findings:

"First—'These institutions', the report said, 'have been dominated by the religious motive.

"Second—The colleges as a group are pre-eminently institutions of training for the continuation and extension of the faith of the Disciples of Christ.

"Third—The colleges can prove from almost any standpoint that they are among the great moving forces of Disciple continuance.

"Fourth—The colleges are unique in the large place which is given in the curricula to the Bible and allied subjects.

"Our growth as a people where we have had strong colleges is not merely accidental. The colleges have been trail blazers in every region where we have today great churches and strong memberships. Bacon College, founded in 1789, later becoming Transylvania College, was on the frontier of that day. Bethany College, founded by Alexander Campbell in 1840, was also on the frontier. These schools became a part of the very fiber of that new developing life of those early days."

Concerning our evangelistic work missionaries have reported from the field more than four thousand converts and additions to the church during the last year. Leslie Wolf, missionary from the Philippine Islands, reported more than five hundred additions in the Manila district last year. Evangelists are here from every section of the country and report more than twenty-five hundred additions per week in America.

The meeting, held as a protest against modernism, was conducted in the Pantages theater, the chief speaker being P. H. Welshimer of Canton, O., pastor of the largest Christian church in the world. During the meeting the subject of open membership was discussed, which means with us the receiving into the churches of Christ of persons without scriptural baptism. The accusation of the modernist group is that these so-called insurgents are mossback fundamentals. This accusation is denied by the following statement:

"We are Christians; we believe the Bible, as Christians have always done."

"Mr. Welshimer said: "There are a few churches in the home land whose heads secretly teach open membership theology. They sooner or later come into the open with this unscriptural teaching".

Many other problems were discussed. These, however, have the right-of-way.

This is not an interpretation, but merely a report endeavoring to be fair to all concerned with regard to the problems of the Christian church.

Doctor A. D. Harmon, president of the Transylvania University, Lexington, Ky., is president of the convention this year. It will continue until Thursday, Nov. 18.

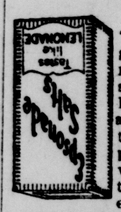

The Commercial Appeal, the largest morning newspaper in Memphis, has granted the convention all the space necessary to report in detail the activities of our work, inviting the visiting ministers, who will preach in Memphis churches on Sunday, to send a six hundred word outline of their sermons to be published in the Monday edition. This is the only newspaper of any convention city in America that has been so liberal with its space.

Sincerely yours,
C. H. HOLCOMB.

HAVE COLOR IN CHEEKS

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 20 years of study.

Olive Tablets are a purely vegetable compound mixed with olive oil. Know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take nightly and note the pleasing results. Millions of boxes sold yearly. 15c, 30c, 60c. All Druggists.

Benjamin Powell Highly Honored

Engineering Works Employes Gather In Honor Of Birthday Anniversary

Officers and employes of the Pennsylvania Engineering Works were invited to the beautiful home of Mr. and Mrs. Harry S. Powell of North Mercer street Friday evening for the purpose of honoring Benjamin Powell, Edison avenue, father of Harry Powell. A large delegation from the plant was present, including W. H. Shipler, the superintendent; Mr. Newberry, the purchasing agent of the company; John Trimble, foreman of the carpenter shop; William Jenkins, foreman of the machine shop; Edward Hainer, shipping agent of the company, and many others. At nine o'clock Harry Powell, the son, took his car to a theater to fetch his mother and father, who were celebrating the birthday at the show, and on arriving home they were astonished to see such a crowd of people. After the excitement was over Jack Shelley acted as chairman of the meeting and called the gathering to order and said that it was a great pleasure for him to present his old friend, Mr. Powell. He then called on W. A. Johns to present Mr. Powell with a beautiful gift of American gold. Following this Mr. Powell gave a talk, thanking all who were present for their good feeling and for their kindness in coming to greet him on his birthday.

Dainty refreshments were served by the hostess, assisted by Mary, Martha and Dorothy Powell.

A good bit of the credit for this party went to Jack Shelley. He is a man of talent and once he took some interest in a thing it was bound to be a success.

Mr. Powell has been with the Engineering plant for very near 30 years and as foreman of the machine shop for over 20. He is now filling the office of master mechanic of the plant.

FOR Acid Stomach

PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle

Insist upon "Phillips". Twenty-five cent and fifty cent bottles, any drug store. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

"Flaming Frontier" Pictures The West Of 30 Years Ago

The Regent Theatre is presenting this week a mammoth special production "The Flaming Frontier" with Hoot Gibson, Dustin Farnum, Anne Cornwall and about 500 others including soldiers, cowboys and Indians. It is a real and genuine American spectacle as any last nighter will tell you.

With life at West Point depicted showing the early army loves and hates and the western crusades against the redmen "The Flaming Frontier" has a fine appeal to everyone.

One of the spectacular scenes is the filming of Custer's last fight on the Little Big Horn river, the impetuous general being shown at length. President Grant, popular idol of the country of 40 years ago is also portrayed and the many historical scenes and romantic parts make it a splendid entertainment for everyone.

Besides "The Flaming Frontier" there is a Buster Brown comedy, special pictures of the New Castle-Ellwood City football game and a late news reel that shows the world in pictures. A vocal solo is also very pleasingly sung.

The Regent is giving away a genuine German police puppy Thanksgiving night and every admission ticket bought gives you a numbered coupon, one of which will take the dog.

Notes Of Interest To Motorists Of Ellwood City And Vicinity

(Editor's Note—Each week, the Ellwood City Motor club in co-operating with the Pennsylvania, Motor Federation will publish a motor club's news, local and statewide.)

The Ellwood City Motor club is pleased to announce that Fred Smith has taken up the managership of the club. Mr. Smith is a well known young man of the city and will be at the office of the club daily in the First National bank building.

On Wednesday, the Interclub Conference of the Motor clubs of Western Pennsylvania and Eastern Ohio will meet at the Warner hotel in Warren, Ohio. Among those locally attending will be Burton J. Bell, president, and Fred Smith, manager, and T. C. Foley of the Ellwood club, and B. N. Hanlon, secretary of the New Castle club

John S. Fisher, the next governor of Pennsylvania, will have about 50 sets of 1927 license tags "under 1000," for distribution among his friends. Next year, of course, Mr. Fisher can take good care of all applicants. It is the custom for the governor of Pennsylvania to reserve the first thousand tag numbers. In the fall of 1927 hundreds of present holders of low numbers will be "shaken off," and a redistribution made. Many car owners who under Gov. Sproul and Gov. Brumbaugh held tags under 1,000, but who lost them when Pinchot became governor, are hoping the change in administration will get them their old numbers.

All low tags under No. 5,000 have been distributed, and persons with only an ordinary "pull" are now fortunate if they can secure tags between No. 5,000 and No. 9,999.

Capt. Wilson C. Price has moved the Motor Patrol training school from the camp at Colebrook, near Mt. Gretna, to a building in Harrisburg recently rented by the state. There are now approximately 250 patrolmen—too few, says Capt. Price, properly to patrol the highways, when it is remembered that about 70 of these men are continually employed in examining applicants for drivers' cards. A new class will be taken on as soon as headquarters have been put in condition.

Wet leaves on the highways are as treacherous as ice, the Pennsylvania Motor Federation suggests. Fall weather creates additional hazards for motorists. These, for example:

Fog—and extreme caution is the only agency which will actually prevent road accidents in heavy fog.

Wet leaves—found usually in the early morning and at night, when the dew or frost are heavy; or on road sections not reached by the sun.

Frosty roads—almost as dangerous under certain conditions as icy reads.

Whales And Sampson Bowlers Victorious

ELLWOOD CITY, Pa., Nov. 16—At the recreation rooms of the First Presbyterian church Monday evening the Whales won three games from the Kings in a spirited bowling match and the Sampsons defeated the Judges a similar number of games.

The next bowling match will take place Friday night when the Saints will meet the Jehus at 7 o'clock and the Prodical Sons will match their skill against the D. O. G.'s at 8:30 p. m.

Now that winter has definitely set in attendance at the recreation rooms of the Presbyterian church has increased, many of the young people taking advantage of opportunities for a pleasant evening.

Mrs. Ashborne Is Returning Home

ELLWOOD CITY, Pa., Nov. 16.—Mrs. Harry Osborne of Ewing park who has been confined to the Mercy hospital in Pittsburgh for medical treatment for the past month is returning today to her home.

MARGARET PUGH CLASS DINNER WEDNESDAY

ELLWOOD CITY, Pa., Nov. 16.—The Margaret Pugh Sunday school class of the First Presbyterian church will meet for the regular monthly tureen dinner Wednesday evening in the dining room of the First Presbyterian church. At this time a brief business meeting will be conducted.

SLIPPERY ROCK CHURCH NEWS

ELLWOOD CITY, Pa., Nov. 16—Activities in the Slippery Rock Presbyterian church for the coming week are as follows:

The Christian Endeavor Society will meet Wednesday evening with Charles Rabberman conducting.

The Fathers and Sons banquet will be held in the basement of the church Thursday evening. Principal speaker will be Rev. McFarland of North Sewickley, and William Wellhausen will act as toastmaster. All fathers of the church and Sunday school and all sons over twelve, are invited to attend the banquet.

Young People's Council will convene on Friday night. All young people of the church are urged to attend. Miss Beulah Brown will conduct the meeting and has chosen a thanksgiving topic.

All next week the ladies of the Missionary society will pack barrels of clothing and food for a colored school in Jetersville, Tenn.

PRAYER MEETING AT McGEARY HOME

ELLWOOD CITY, Pa., Nov. 16.—At the home of D. C. McGeary on Franklin avenue the regular weekly prayer meeting of the First Christian church will be conducted. The meeting will convene promptly at 7:45 o'clock. At the close of the meeting a brief session will be held by the teachers and officers of the Bible school.

ELLWOOD CITY PERSONALS

Nathan Feldman of Wayne avenue, left Sunday evening for New York city where he will be under medical observation for several weeks.

Mrs. Rae Chamber of Second street motored to Akron Monday for a brief visit with her daughter Mrs. Clyde Poister. From Akron Mrs. Chambers will go to Chicago where she will pay a visit to her son Samuel Chambers, arriving back in Ellwood City after Thanksgiving.

Mr. and Mrs. Burton J. Bell, have returned from a motor trip through the Pocono and Catskill mountains to Port Jervis, where they visited Roy Bell who is in charge of the Forrestburg Silver Fox ranch.

Mr. and Mrs. William Thompson of Andover, Mass.; Mrs. N. J. Seaburne of Niles, O.; and Mrs. C. G. Hall of Montreal, Ca., have returned to their respective homes, being called to Ellwood City by the death of their relative, Mrs. Margaret Pugh.

Tom Daley of Crescent avenue, and H. B. Beighley of Zelienople, are spending a few days in New York on business.

Friends of Mrs. R. T. Brown will be pleased to learn that her health has improved to the extent that she is able to be up and around once more.

Fred Smith and B. J. Bell are spending the day on business in Pittsburgh.

Tom Foley, secretary of the local Chamber of Commerce, is attending a hearing in Pittsburgh today in the interests of the Chamber.

Mrs. Lillian Thomas of Glenn avenue, has returned from a visit in Pittsburgh with her sister, Mrs. F. M. Fish.

Miss Mary King of the Queen Specialty Shoppe, is a business visitor in Pittsburgh today.

G. E. Moyer of Fountain avenue, left this morning for Pittsburgh where he will spend the day on business.

FOOTBALL PICTURES ADD TO CAPITOL PROGRAM

Aside from the regular bill of splendid entertainment at the Capitol Theatre the first three days this week, the football game between New Castle High school and Ellwood City High school, played Saturday afternoon, last, is shown. The feature attracted hundreds of students yesterday, and will probably get many more before it is taken off.

The vaudeville this week offers some good entertainment value. The Royal Danes open with a dance act comprising some native folk dances, which are picturesque.

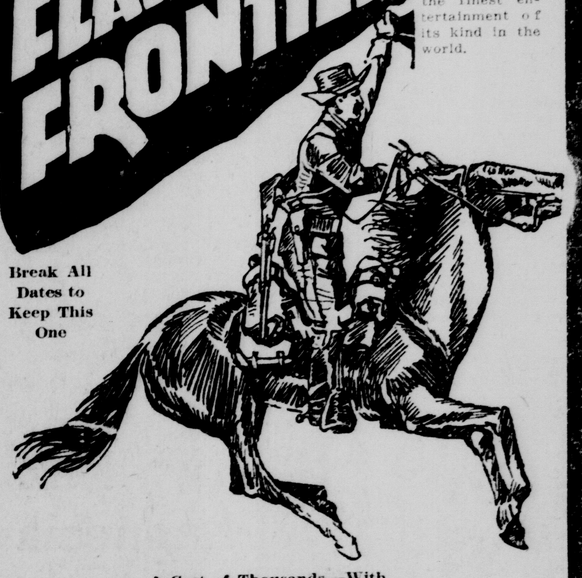

Mildred Miliard, the "Projector of Personality" has a single act which gets over. The young lady sings, well, has a monologue which is an impersonation of a girl clerk in a store, and then goes into some snappy dancing.

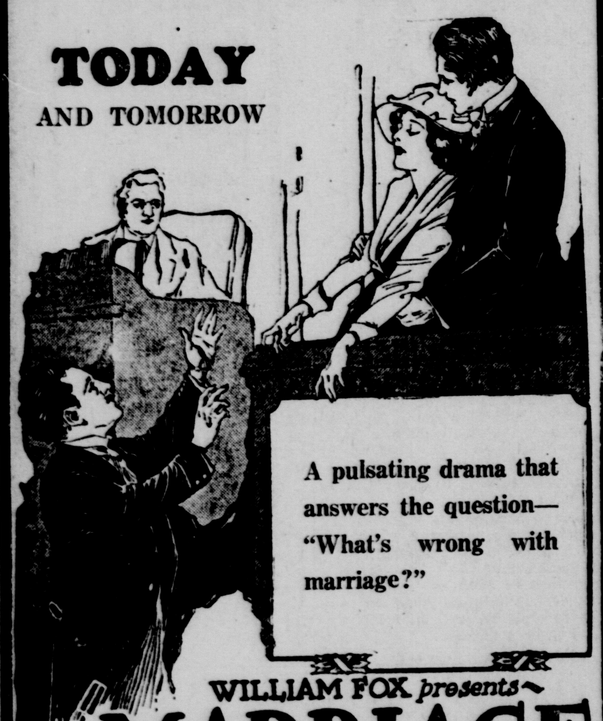

Hare and Hare have an act which needs to be seen. We won't bother describing it to you, for a detailed description of it would spoil it for you. Get it and see it.

The picture is "Broken Hearts of Hollywood", an inside view of how pictures are made, and some of the pitfalls encountered in the making of them.

Salesman Proves Surprise Witness

Oil Salesman Enters Spotlight Of Hall- Mills Murder Trial

IDENTIFIES TRIO SEEN NEAR LANE

(International News Service)

SOMERVILLE, N. J., Nov. 16.—Ira B. Nixon, 42-year-old salesman, today shares the spotlight with Mrs. Jane Gibson as the state's star witnesses in the Hall-Mills murder trial. Nixon testified that Elisha K. Soper, a former friend, told him he saw Mrs. Frances Stevens Hall and her two brothers, Willie and Henry Stevens, sitting in a dimly lit car near De Russey's lane on the night of the murder four years ago, of the Rev. Edward Wheeler Hall and his choir singer, Mrs. Eleanor Mills.

It was the first time any witness at the trial had placed any of the defendants at the scene of the murder. Moreover Nixon was a "surprise witness". The prosecutor, Alexander Simpson, was well pleased with his coup and said he probably would exhaust the list of his other witnesses today and rest his case tomorrow with the testimony of Mrs. Gibson.

No amount of cross examination could shake Nixon's testimony.

Nixon took the stand immediately after Soper had testified he saw a parked automobile in Easton avenue near De Russey's lane on the fatal night, but that he didn't recognize the two men and a woman who were passengers.

Prayer Week Is Being Observed

This week is prayer week at the Y. M. C. A. This means that the classes and members of the Y will take much time in prayer.

At the meeting of the Church club last evening Rev. Andrew J. Randles spoke to the members, and following this led them in prayer.

The Junior B will hold their meeting tonight, at which time they will hear from Dr. Charles B. Wingerd.

All members of the Y are requested to be present at all of the classes this week and help in making this week a success. It is felt that it will benefit many and will keep the right kind of spirit in the Y.

Many Wild Geese Alight On Lake

Grove City Country Club Lake Stopping Place For Migratory Birds—Other News

(Special To The News)

GROVE CITY, Pa., Nov. 16. — The fall season at the Country Club lake has opened. To the initiated this announcement vizualizes flocks of migratory birds lighting on the lake surface for an over-night lodging on their journey south. The vegetation growth on the lake bottom furnishes food for the taking with the least possible amount of exertion. Flocks of wild geese and ducks have been reported in transit for the past week.

The fact that no shooting is allowed on the grounds of the club is evidently known to the birds who make it a scheduled stopping place fall and spring. As high as 30 varieties of wild birds have been counted on the lakes' surface and its borders at one time.

Donation day for the Grove City hospital on Armistice Day when gifts of canned fruit and other eatables were brought in by friends of the institution was very productive in results reported the hospital officials.

The generosity of local folks in this regard is keenly appreciated by those in charge.

Chief of Police Charles Ray is back on the job after a two weeks hunting trip in Forest county.

Covers will be laid for 100 at the banquet of the Mercer County Medical Association scheduled for the Penn Grove Hotel on the evening of November 17, at 7 o'clock.

The Mercer county medicos will have as their guests for the evening medical men from Venango, Butler, Lawrence counties of this state, and Mahoning county, Ohio, including the city of Youngstown.

Dr. Edith McBride of Sharon who is secretary of the Mercer county organization announces the securing of Dr. T. M. McNellam of Philadelphia, secretary of the Pennsylvania State Heart Association who will speak on rheumatic fever in relation to the heart; Dr. W. M. Stroud of Philadelphia, who speaks on "Estimation of Myocardial Reserves." Both of these men are on the faculty of the post graduate school of medicine at the University of Pennsylvania, and are also in charge of the Children's Hospital and Clinic in that city. Today was the final date for filing acceptances.

Two banquets are carded for the Presbyterian church this week. The Father and Son banquet for which covers for 500 will be laid takes place in the church dining parlors Tuesday. George Bradon Booth, of New York, founder of the Big Brother movement and also a grandson of the Booth of Salvation Army fame has been secured to make the address of that evening. On Friday evening, November 19, will take place the Mother and Daughter banquet which is a postponed event of last spring. About the same number of covers will be laid for this event. Music will be provided for both. The women will prepare and serve the dinner for the Father and Son banquet while the men prepare and serve that of the Mother and Daughter banquet.

New Treatment For Cancer Now Under Investigation

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, Nov. 16.—Cancer cure by exposure of patient to extremely high frequency electrical currents is under investigation by the United States public health service, Dr. C. C. Pirce, acting surgeon general, announced today.

Recognizing cancer as the greatest menace to life in America the public health service has launched an exhaustive study of the treatment and cure of this disease.

The electrical treatment investigation is in charge of Dr. J. W. Schereschewsky and is being conducted at Harvard. The method, while not officially approved by Surgeon General Hugh S. Cumming, is believed by medical scientists to offer real possibilities and may be the method for which surgeons have groped for years.

John D. Meyer Is Taken Ill

Man Who Spoke Here On Armistice Day Taken Sick In Pittsburgh

PITTSBURGH, Pa., Nov. 16.—United States District Attorney John D. Meyer became suddenly ill yesterday afternoon while representing the government in the prosecution of Benjamin and Jacob Marcus, who are on trial before Judge F. P. Schoonmaker on a charge of concealment of assets from a receiver in bankruptcy, and the court adjourned until this morning.

Mr. Meyer, suffering from some muscular trouble in his back, was taken to one of the judge's chambers, where he was attended by a physician before going to his home. Because of the pain suffered by the government attorney the court ordered a short recess and when his condition did not improve the court adjourned.

Barfod Probe Going Into All Insurance

Commissioner Getting Reports Of Conditions Of Casualty Surety And Others

HARRISBURG, Nov. 16.—Insurance Commissioner Einar Barfod will not wait for completion of the hearings arranged on citations of fraternal, beneficial and other concerns said by his examinations to be in a state objectionable to his office before going into other lines involving phases of insurance. His examiners have been checking up on casualty, reciprocal, surety and other lines and action will follow reports of conditions not meeting departmental approval.

The commissioner today refused to discuss reports of action in the courts if concerns did not meet requirements or stories that some of the fraternal organizations cited had agreed to give up business in Pennsylvania.

Questions arising in carrying out of anti-stream pollution work of the state and the pulp and paper industry will be threshed over at a conference here tomorrow. There are a dozen or so such plants in Pennsylvania and the creation of a system such as the tanning interests are now working out is under consideration.

Shipments of automobile license plates for 1927 and revocations of licenses for offenses in 1926 are both increasing at the state Motor Vehicle bureau. The number of licenses sold for this year is far ahead of the same time in 1925 and the orders for new year tags which can be used December 15 have also shown a gain. The revocations may go beyond 2,500 this year.

Coal Loadings Break Record

Operators Encounter Difficulty In Locating Markets; Prices Drop

COKE LOADINGS SHOW INCREASE

(International News Service)
UNIONTOWN, Pa., Nov. 16.—Coal loading for the week ended November 13 broke another record in the southwestern Pennsylvania district when three railroads reported loadings totaling 18,002 cars, a gain of 1,647 cars over the preceding week, a survey showed today.

While this new record was being made at the mines coal operators faced discouraging conditions. For the first time since mid-summer difficulty was experienced in securing destinations and the week was marked by a decided drop in prices, this in face of the recently announced wage increase.

In any event the last two weeks in which production records were made under the wartime wage scale will mean the biggest payroll in Fayette county since boom days, on November 27, it was said.

Coke loadings for last week showed an increase, but not sufficient to wipe out the decrease of the previous week. Coak loadings increased 134 cars, but the price of coke showed the influence of the weaker coal market and declined somewhat.

Start Argument For New Trial In Sedition Charge

(International News Service)
UNIONTOWN, Pa., Nov. 16. — Arguments for a new trial were heard today in the case of George Papcun, Pittsburgh, who was convicted here several months ago on sedition charges.

The case grew out of an attempt by Papcun to organize the Fayette county coke region under the banner of the Communist Party of America.

Lenders To Meet In Philadelphia

Convention To Take Place On November 17—To Discuss Installment Buying

PHILADELPHIA, Pa., Nov. 16—Representatives of banking interests, the law, and higher education are on the programme of the annual meeting of the Pennsylvania Industrial Lenders Association, which, it was announced today, will be held in Philadelphia on November 17.

This year's meeting is expected to prove of unusual interest, as it is anticipated that much of the discussion apart from the prepared addresses will center about the subject of installment buying, a question which touches industrial lending probably more nearly than any other branch of financing.

William Young, chairman of the State Association and also national chairman of the American Industrial Lenders Association, will preside over the meeting which will be held at the Bellevue-Stratford hotel. The morning session will be devoted to routine business, closing with the annual election of officers.

At the mid-day luncheon at the hotel the members and their guests will be addressed by George Stewart, of the Legal Aid Society of Philadelphia. Speakers and their subjects at the afternoon session will be: H. G. Hobson, advertising manager Community Finance Service, Inc., Philadelphia, "Advertising"; J. H. Wickstrom, Household Finance Corporation, Philadelphia, "How to Collect a Loan"; and H. Shuster, Newark Cash Credit Company, "Industrial Banking".

Judge Frank Smith of the Philadelphia Court of Common Pleas, and Dr. Charles E. Beury, president of Temple University and also president of the National Bank of North Philadelphia, will be the speakers at the annual dinner in the evening in the ballroom of the Bellevue-Stratford.

(International News Service)
BUFFALO, N. Y., Nov. 16.—Edith Menger, 17 years old, alias Mrs. Thomas Schoell, of Erie, Pa., who was found guilty Monday of criminally receiving stolen property in connection wit hthe $5,000 robbery of the Mrs. Moses Shiras summer home in Wanakah, faces a sentence of from one to twenty years in prison. She will be sentenced next Wednesday. Thomas Schoell, the girl's alleged husband, is awaiting sentence of a first degree burglary charge.

Cleveland Milk Prices Boosted

(International News Service)
CLEVELAND, O., Nov. 16.—The highest prices in history—not excepting war time conditions—will be paid for milk by Cleveland consumers beginning Friday, it was announced here today by J. W. Strong, general manager of the Ohio Farmers' Milk Association.

The announcement followed a meeting of directors of the association, at which it was decided to advance the price, which is now 15 cents a quart, due to a shortage and inability of wholesalers to meet the demand.

Respite Granted Condemned Slayer

(International News Service)
HARRISBURG, Pa., Nov. 16. — Paul Orlakowski, Allegheny County first degree murderer, was under a respite today, delaying the date of his electrocution from next Monday to the following week.

Gov. Gifford Pinchot issued the respite to allow the murderer's application for commutation of the death penalty to come before the State Board of Pardons next Wednesday.

Child Near Death, Hit By Machine

(International News Service)
UNIONTOWN, Pa., Nov. 16. — Charles B. Frazee, Jr., 4, was reported near death in a local hospital today, the result of being run down by an automobile said to have been driven by L. W. Daniels, as he was crossing a street.

Daniels, who surrendered to authorities, was released on his own recognizance pending the outcome of the boy's injuries.

Through the Blood
Rheumatism
Is Conquered

Ocean-O, the Alkaline Blood Treatment Will Do It or McKee's Kut Rate Will Gladly Refund Your Money.

When the agonizing pains of rheumatism (not due to germ infection) almost drive you crazy, remember it is the blood in your body signaling for help.

Because rheumatic blood is acid it needs and is starving for want of vitalizing, natural alkaline mineral elements that the body constantly uses up and needs.

This is now an established fact—you've got to get the acid out of your blood to overcome rheumatism and when you do this with Ocean-O you are using nature's own alkaline minerals.

Not only will you find in Ocean-O the right and natural way to end rheumatic pains and agony but you may be certain that Ocean-O will build up your general health and give you more energy—more power of endurance and better health.

It won't cost you a cent to try this natural alkaline remedy because it is offered by McKee's Kut Rate Store and druggists everywhere with the distinct understanding that if you are not satisfied with results—money back.

Medical Science Skeptical Over Cancer Isolation

Much Awaited Glover Theory On Cancer Draws Speculation

(International News Service)
BOSTON, Nov. 16.—Medical science today trained its guns on the latest cancer treatment theory advanced by Dr. T. J. Glover of New York and Toronto.

The anticipated Glover theory, defined as "Glover's microorganism", had been awaited with interest and was received with a barrage of questions reverberant with skepticism.

Too many times have the hopes of cancer victims been raised, only to crumble with keen disappointment, when announcements of sure cures for the dread disease have failed to be followed by substantiating results, said Dr. Robert Greenough, one of the foremost cancer experts in the world. He expressed a hope that the world would accept the Glover theory with the same skeptical attitude of medical men until it is unquestionably proven. Thus will "fakers" and "quacks" be prevented from preying upon cancer sufferers, he added.

Dr. Greenough expressed a fear that the Glover theory classifying cancer as an infectious disease, might startle the world and cause an era of cancer contagion dread.

Praises Lydia E. Pinkham's Vegetable Compound

"I have taken Lydia E. Pinkham's Vegetable Compound for some time and I would not be without it in the house. As I am a children's nurse, I have to be on my feet a great deal and your medicine has helped me wonderfully. I was hardly able to do my housework when I began taking it, and now I am a strong and well woman, able to do all that and go out nursing besides. I have also used the Sanative Wash and found it beneficial."—Mrs. Gertrude L. Stewart, 103 Davis St., Greenfield, Mass.

Valuable for Weakness

"I have found Lydia E. Pinkham's Vegetable Compound a valuable medicine for weakness."—Mrs. J. A Pietsch, Box 397, Lancaster, Pa.

Hundreds of letters like these are received by the Pinkham Medicine Co., Lynn, Mass., from grateful women who say that their health has improved since taking Lydia E. Pinkham's Vegetable Compound.

Says Dangerous Varicose Veins Can Be Reduced At Home

Rub Gently And Upward Toward The Heart As Blood In Veins Flows That Way.

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that anyone in this world can give you is to ask your druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. So penetrating and powerful is Emerald Oil that even Piles are quickly absorbed. New Castle Drug Corp., McKee's Kut Rate Store, Eckerd's of New Castle, Inc. sells lots of it.

Eight Are Held On Sedition Charge

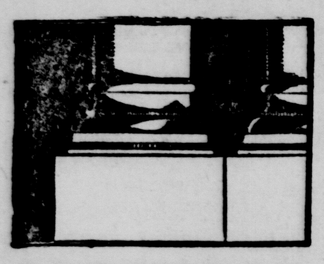

WOODLAWN, Pa., Nov. 16.—Eight of the 10 foreigners arrested here by local state police several days ago in a raid on a house while a meeting was in progress were held for court on the charge of sedition by Justice of the Peace M. J. Kane. They were taken to the county jail at Beaver this morning and later were released on $1,000 bail each.

A lot of alleged communistic literature in a foreign language was confiscated there by the police. A picture of Trotsky was found under another picture on the wall. The officers refused to accept the explanation of the men that they were there to celebrate a girl's birthday.

Those held are Steve Brattich, John Mestovich, Tom Pasovich, Philip Wibovich, Milan Resetar, Tom Zima, Peter Muselin and Nick Luch.

Two Japanese elevens are members of the Seattle amateur football league and the rivalry between the two is so bitter that the league thought it best not to schedule a game between them this season.

The forward pass was first introduced at a meeting of the American intercollegiate football rules committee in 1906, but it was not until several years later that it was used to any extent.

The News Company,
North Mercer Street,
New Castle, Pa.

Gentlemen:—Through the medium of your paper the Legion Home Association of New Castle desires to express to the citizens of New Castle their sincerest thanks and appreciation for the splendid and liberal manner in which they responded to the Poppy Day solicitation.

This is the only demand that is made upon the public for the support of the Legion Home Association and its building, and the total amount of $1,448.05 received by the Association will materially assist them in support of their work and their home.

Sincerely yours,
CLARENCE A. PATTERSON,
Chairman, Poppy Day Committee.

The RIM of The LIMELIGHT

NOT FOR DESERT.

NEW YORK, Nov. 16.—A prominent manufacturer of golf and tennis balls has just announced that such articles may be canned in the future instead of being packed simply in cardboard boxes. Tennis balls especially deteriorate very rapidly in contact with the air so much so that balls for important tourneys are rushed almost direct from the factory. Golf balls lose some of their resiliency in storage.

The idea is good provided the cans don't get mixed up with the grocery order.

Imagine a hostess' chagrin in starting to serve guests with some choice apricots or plums and finding that she is dolling out "Select Grade A Lucky Drive" golf balls.

HONK! HONK!

LONDON, Nov. 16.—Diplomatic circles are still discussing the furore caused by the Earl of Birkenhead, secretary of state for India, when he rambled into the official parking place for cabinet members in an American car of porlific and common usage. He parked between a Daimler and a Rollys Royce slammed the door and went in to a conference.

His arrival occurred during a discussion over possible steps that might be taken to check the domination of American auto manufacturers in the Dominion.

OIL WRONG.

NEW YORK, Nov. 16.—Castor oil is the latest "good stuff" for those who chase the elusive (if you don't have a regular bootlegger) liquor. At least a New York judge found it so. Asked to explain her odd actions on a street corner a woman prisoner explained that she was not intoxicated but ill. She had tried to drown her sorrows with castor oil. The supposition is that she had heard the neighbors remarking about getting "well oiled" and bought the only kind she could think of.

Your Telephone

It's a business for vision . . . and forehandedness

THE TELEPHONE DEVELOPMENT ENGINEER looks at a vacant lot—and sees a great building.

He surveys a sleepy street—and sees a hustling business center.

It's his job to have the facilities of service ready—on time.

He studies even the smallest community in the state. He projects the telephone buildings, switchboards and lines on what will happen next year, and the year after, and up to twenty years ahead.

He can't wait until the new factory, or apartment or suburban development is completed. That would be too late!

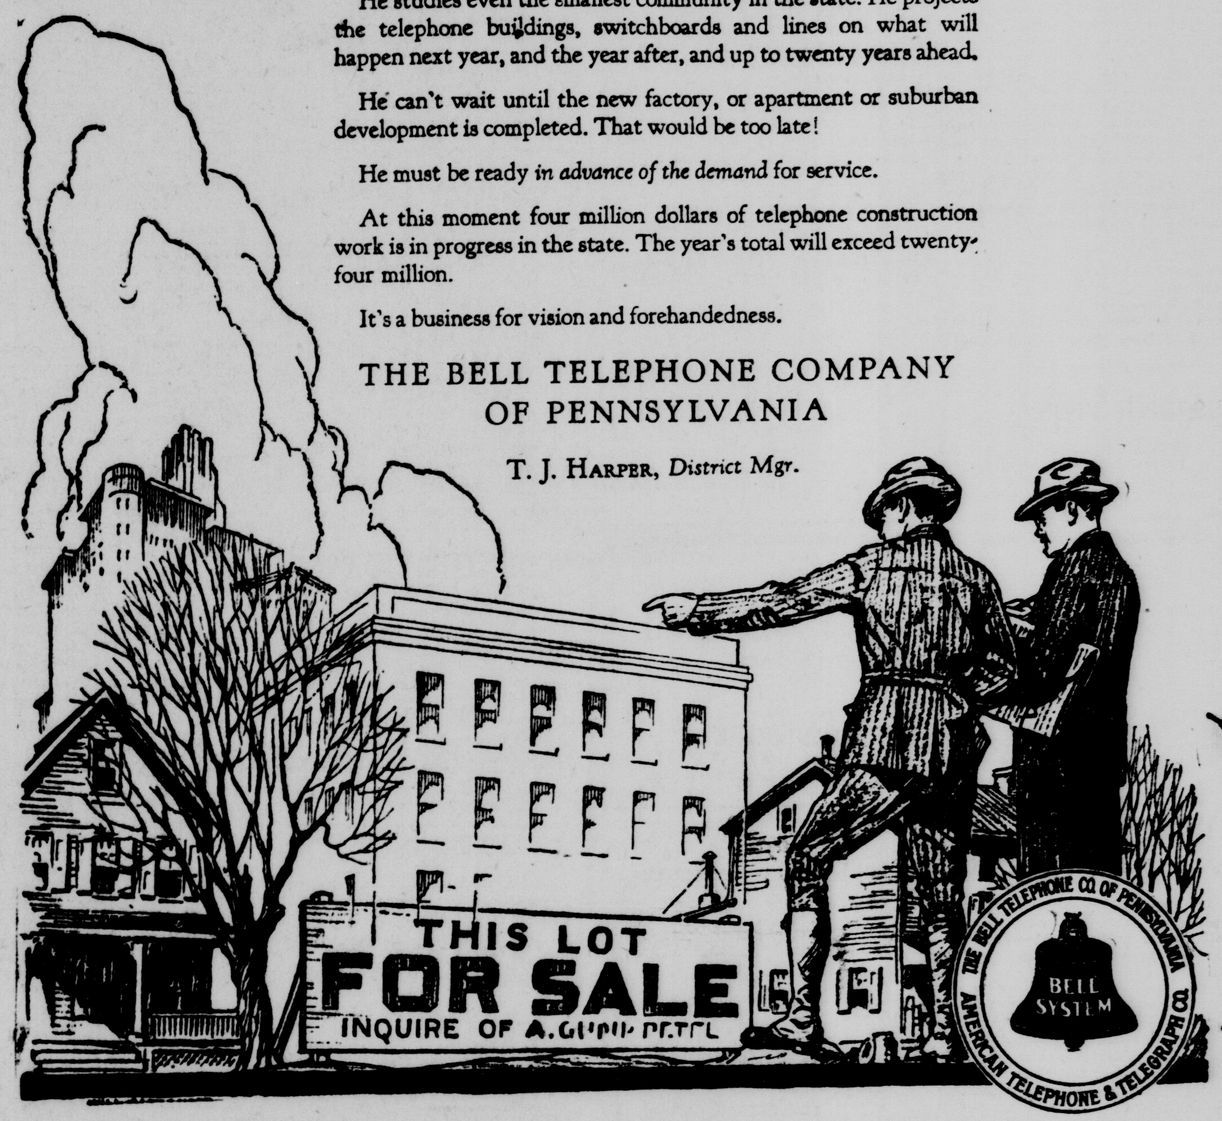

He must be ready *in advance of the demand* for service.

At this moment four million dollars of telephone construction work is in progress in the state. The year's total will exceed twenty-four million.

It's a business for vision and forehandedness.

Two Slight Auto Accidents Reported

Floyd M. Dute of 651 Superior street, reported to the police Monday evening, that while driving west on West Washington street, at the P. & L. E. crossing about 7:30 o'clock, that he was unaware of the fact that the guard gates were down on account of no lights being on them and ran into them. The gates and his machine were damaged.

Carl Benson, R. D. No. 7, reported to the police Monday evening, that while driving the truck of the New Castle Double Wall Company on East Washington Street Extension, that his machine collided with a horse and wagon. It was about 6:15 p. m. and there was no light on the wagon. He did not get the name of the owner of the wagon and horse.

HOOF PRINTS IN THE SAND

"Proud was Wander when he gave the bow up to his master, but prouder still was he at his master's words of praise:—

"'That's my good dog. Well hast thou proved my trust in thee!

"The bank of the further shore was very sunny and Wander would have liked to take the time to roll himself dry in the warm sand. But master was in a hurry—the dog knew that the minute they stepped on shore—so Wander had to be content to shake himself clear of the water. Once, twice, three times! The glistening drops flew from him in spray. Likely the brushes near by thought 'twas a sun shower they were having. I don't believe they guessed, darlings, 'twas Wander turned rain-maker!

"Scarcely had the master put foot on dry land when he began to make search for the Wild Horse trail. Bending over till his back, acushlas, was curved like the bow he carried, master began to look along the ground. And Wander, knowing well for what he searched, ran beside him to look also. Only Wander used his nose as well as his eyes, and since two senses are always better than one it was Wander who first found it.

"The dog and the man had gone a short distance down the bank when suddenly the dog stopped, sniffed and looked about him in a puzzled way. Something—just what he did not know, for the wind had brought him no scent—told him that they were starting in the wrong direction.

"'What now, my good dog?' demanded the master. But Wander could not tell him. All Wander could do was to turn tail and retrace his steps and hope master would follow him. But master

His Nose Knew It!

didn't—not at first. He just stood still to see what the dog would do. And Wander had paused by the landing place when suddenly he began to run in circles. He had headed right this time—his nose knew it; knew, too, that somebody, perhaps the very fellow they were hunting, had pasesd this way not long before. Then his eye caught sight of something that set his heart to thumping like a little bass drum.

"Hoof prints in the sand, master! Hoof prints in the sand!' barked he, but even in his excitement taking care to keep his voice low so that nobody but master could hear it."

One of the largest banquets and dances of the season is expected.

DINNER STORIES

A young woman writer of some reputation not long ago asked a well known editor to give his opinion on a book she intended to publish.

"If" said she, "the work is not up to the mark, I beg you to tell me frankly as I have other irons in the fire and should you think that this is not likely to succeed I can bring out something else.'

After reading several minutes the editor returned the manuscript with his sententious observation:

"Madam I would advise you to put this where your irons are."

He was taking the girl to a dance for the first time and wishing to make a good impression, ordered some flowers to be sent to her house beforehand. Unfortunately the florist accidentally put his note in the box, for when the girl drew the blooms out from the tissue paper she read: "Do the best you can for half a crown."

JACK DEMPSEY MAY NEVER ENTER RING AGAIN

Former Champ Is Undecided

Dempsey Leaves For West; Critics Speculate On Return Of Champ To Ring

HOPES TO REGAIN TOP CONDITION

BY DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, Nov. 16.—Apparently unimpressed by the young man's virtuous resolves, Tex Rickard today informed the writer that he considered it more possible that the uplifting and sometimes downdropping art of mutual mayhem had seen the last of Jack Dempsey.

He strongly intimated that he entertained "no great confidence" in Dempsey's extravagant promises of a sweeping come back because the ex-champion had plenty of money and no particular need of anything at this time, not even a punch on the nose. Rickard didn't disguise the fact that he doubted Dempsey's good intentions once Jack firmly settled down to a life of ease and refinement.

"They get lazy," Rickard said rather wistfully. He wasn't thinking so much of a great loss to a great art. He is only for art for Rickard's sake and the idea doesn't thrive when a meal ticket blows out the window and forgets to come back with the change.

Hopes to Regain Form

"I've seen it work out so many times that I hardly look for anything else," he added. "Dempsey left here all pepped up with the idea of trying himself out and getting back into shape. Maybe he will prove himself an exception to the rule but, personally, I'd rather bet on something else.

"Firpo might have been champion if he hadn't earned all the money he wanted before he got his shot at the title. He felt he didn't need the money when he trained for Dempsey and we had our hands full making him do any training at all.

"Willard got the same way between 1915 and 1919 and also suffered from the idea that he was unbeatable. What with both notions, he never gave himself a chance against Dempsey at Toledo. Jeffries retired because he got lazy and the idea that training annoyed him. Only the clamor for a white champion and the money offered brought him back six years later and I doubt whether he would have tried then if Jack Johnson hadn't been champion.

"We have no such condition with Gene Tunney now. There isn't a motive for Dempsey's proposed come back, except his desire to rule the roost. It may be enough, at that. Jack was very proud of that title and would rather have it back than a million dollars. The only thing is that I feel a million dollars don't look so big to Dempsey as they once did."

Dempsey's last words to the writer before leaving for the west were to the effect that he would fight again only if convinced that he could reclaim much of his former speed. How he intended to convince himself while running around California's mountain roads he neglected to explain but he did make one significant remark:

"They won't get me in there again, unless I'm right. Nobody will ever say that Jack Dempsey is around walking on his heels."

Bowser Signs Pitt Contract

Former Pitt Star Now Coach At Grove City, To Become Assistant To Sutherland

(International News Service)

PITTSBURGH, Pa., Nov. 16.—Reports that Charles E. Bowser, Grove City college coach, has signed a three-year contract as assistant football coach at the University of Pittsburgh, effective next season, were received enthusiastically today by Pitt fans.

Bowser, a former Pitt star, came into the limelight again last week when his Grove City eleven defeated the highly touted Geneva team coached by "Bo" McMillin. He will succeed G. M. "Chalky" Williamson, who has resigned.

It is understood that Bowser affixed his signature to a Pitt contract last summer but that by agreement with athletic authorities of both Grove City and Pitt it was not made public before because of the effect such announcement might have had on Bowser's effectiveness at Grove City the remainder of the season.

PADDOCK'S NEW MARK ACCEPTED

(International News Service)

BALTIMORE, Nov. 16. — The world's record for 100 yards was officially established today at 9 1/2 seconds and credited to Charley Paddock, the California flash.

The national convention of the A. A. U. voted to accept Paddock's new mark, and also the mark of Roland Locke, of Nebraska, of 20 1/2 seconds for the 220-yard dash. In doing so, however, the A. A. U. went on record against the tenth-second watches by which the races were timed. The old fifth-second watches are more accurate, the A. A. U. decided.

The convention also ratified 157 other new marks in various forms of athletic endeavor, including 33 in track and field and 124 in swimming.

Class Game Is Tie Contest

Seniors And Ben Franklin High Play Scoreless Tie On Monday

The Seniors of the Senior High school and Ben Franklin Junior High school fought through a forty minute battle to a scoreless tie on Franklin Field last evening with a large sized crowd of students on hand.

The field was in excellent condition and the setting was just right for a good game and in reality it turned out to be a hummer. The Seniors and Ben Franklin had yet to win a game in the inter-lass league although the Franklinites held the Sophomores to a 7 to 7 tie, and each team was anxious to win but after the tilt was over neither team had crossed the goal line.

Ben Franklin was feeling a little bit cocky and the Seniors with eleven men and two subs were out to win and due to this more than anything else the Blue and Gold of Franklin was played to a standstill and they surely knew that they had been playing football.

The Seniors chose to kickoff and after receiving the Franklin team could not gain consistently and they were soon forced to punt. The Senior backs ripped off a few gains but were unfortunate in losing the ball on a fumble.

The second quarter was simply a repetition of the first with neither team gaining regularly. Franklin had the Seniors fooled a little by using an attack of double and triple passes broken at times by a spinner by Mitchell, but the Seniors held and the half ended as they took the ball.

Failing to gain by using a straight attack Hannon opened up the second half with a series of forward passes after he had received Sergeant's kick. The Seniors held them fairly well and they did not come within scoring distance. A few fumbles marred the play somewhat during this quarter and it was probably the poorest of the game.

The Seniors stood strong in the last quarter and after advancing several yards Hahn was forced to punt. His punt rolled over the goal line and it was brought up to the 20 yard line and was there put in play. The Seniors opened up with several offtackle plays and with Sergeant and McNicholas cleverly carrying the ball, the ball was advanced rapidly but the whistle blew ending the game.

Glenn on the line played well for the Seniors as did all the rest of them and the entire backfield upheld the honor of the Senior class. Captain Andy Beres and "Bill" Johns played well on the line for Franklin as did Mitchell and Hahn in the backfield.

Maj. Gen. James H. McRae, who has been assigned to the command of the Second Corps area with headquarters at Governors Island in place of Maj. Gen. Summerall, who goes to Washington as chief of staff, comes to his new post from San Francisco, where he has held the command of the Ninth Corps area. General McRae is a native of Georgia and was graduated from West Points in the same class with General Pershing. His army experience covers service in almost every part of the world where United States troops have served. In the World war he commanded the Seventy-eighth (Lightning) division in France and was decorated by this and many foreign governments. He is an ardent sportsman, a good polo player, and is known in army circles as the "Fighting General". In the command of his division in the Argonne-Meuse offensive as well as in other campaigns his personal influence on the result showed a rich quality of leadership.

Dashing Southerners

By Feg Murray

Copyright, 1926, by Metropolitan Newspaper Service

The rest of the United States knew that good football was played in the south, long before little Centre college beat Harvard in 1921 or before Vanderbilt smothered Minnesota in 1924. But when the sun set over the Rose bowl at Pasadena last New Year's day the whole sports world woke up with a bang to the fact that the south played as good or even better football than any other part of the country. For Alabama's 20 to 10 defeat of the University of Washington, champions of the Pacific Coast conference, opened the eyes of football fans and critics to the brilliance and variety of the southerners' play. Their fierce defense, fine generalship, and clever use of the forward pass, made the pickers of all-American teams realize that in overlooking players like Pooley Hubert, Mack Brown and Buckler they had missed some very worthy material.

Now the University of Alabama seems headed for a third straight Southern Conference championship. It is rumored that Tennessee, another contender which has had a harder schedule than the Crimson Tide, will challenge Alabama for a Dixie classic battle if both elevens come through the season undefeated. The Green Wave of Tulane, which claimed championship honors with Alabama in 1925, when both were unbeaten, has fallen off a lot this year, due mainly to the loss of "Peggy" Flournoy, who last season scored 128 points for his college.

There are 22 schools in the Southern conference. The important games yet to be played are Alabama-Georgia, Georgia Tech-Alabama Poly (Auburn), Vanderbilt-Sewanee, and Tennessee-Kentucky.

Among the prominent coaches are Wallace Wade of Alabama, former all-American tackle at Brown. At present he is considered the best of the southern coaches. Coach Alexander of Georgia Tech, a user of the famous "Heisman shift", is another former star player now coaching successfully. Coaches Clark Shaugnessy of Tulane and Dan McGugin of Vanderbilt have likewise had great success.

Among the more prominent ballcarriers, mention must be made of "Red" Barnes, Alabama captain and halfback; Spears, Vanderbilt quarterback; Helvey, Sewanee halfback; Barron, Georgie Tech, another halfback (brother of the famous "Red"); and Rauber, Washington & Lee fullback.

Feg Murray Says—

The Cornell university graduate manager denies the report that the ice hockey team is to practice hereafter in the mornings on Lake Cayuga, and the crew in the afternoons.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

Charlie Bowser, football coach at Grove City College, will become first assistant grid mentor at the University of Pittsburgh next year. He has signed a three-year contract. Bowser is a graduate of Pitt and will succeed "Chalky" Williamson at Pitt. Bowser was signed to the Pitt contract last summer with the consent of the Crimson athletic authorities. At that time, however, it was agreed that no announcement of his departure and ascent was to be made.

Pete Latzo, welterweight champion, of Hazleton, Pa., but who calls himself from Scranton because it happens to be the largest city in northeastern Pennsylvania, has signed to defend his championship against Joe Simonich of Butte, Mont., at Newark, December 8. Simonich is a pure slugger. The receipts of the titular show will go to the St. James hospital clinic. The bout will be staged in the spacious Newark armory.

A pocket edition of Paul Berlenbach caused the undoing of Cuddy De Marco in Pittsburgh last night and the Pittsburgher failed to turn the tables on the only foe who ever knocked him out. As a result Jackie Brady of Syracuse is richer in pocket and victory as the result of his journey to Smokeland. Brady proved too hard a puncher and toward the latter part of the 10-round fight De Marco absorbed plenty of punishment, but escaped a knockout.

The senior council of Princeton student governing body has approved of the suggestion made by the student council of Eli that the bodies convene in the near future for the purpose of effecting a reconciliation in athletic relations. The Harvard club has issued invitations to the councils of both governing bodies to meet in New Haven and it is probable that the meeting will be held there soon.

Although Geneva bowed to Grove City College last Saturday, there is a possibility they may yet appear in the South. The possibility is contained in the clause that should the Covenanters win both their remaining games, the invitation from the University of Florida to play at Jacksonville holds good. Pflug's punts kept the ball in Geneva territory and it was he who registered the three-point victory over Geneva.

Harold Pincle, Appleton, Wis., won his second match last night in Philadelphia by defeating Harmon, Glensdale, L. I., 125 to 98 in the world's championship billiard tournament. He has won two and lost nine and is ninth in the tourney. Tommy Huston, New York, gave Edwin Rudolph of Chicago, his first defeat, 125 to 71, in nine innings. Huston's high run was 55 and Rudolph's 39.

Kenneth Chickering of Oil City will lead the Lehigh U harriers next season.

Lafayette is due for their ninth victory Saturday when they play Lehigh.

Nebraska looms as a hardy foe for the New York University, which like Lafayette has an unblemished record this season.

Bulletin won the feature race at Bowie yesterday, taking the lead in the first furlong.

Juniors Lead Class League

Sophomores And Juniors To Meet On Wednesday At Franklin Field

The Sophomores and the Juniors are scheduled to meet at Ben Franklin field Wednesday and this promises to be the best game of the year in the high school inter-class league.

Neither team has lost a game and the championship of the league rests in the balance. The Seniors and Ben Franklin are out of the race altogether and the winner of the game Wednesday will be given the trophy.

Ben Franklin pulled the biggest surprise of the year when they held the highly touted Sophomores to a 7-7 score. "Bill" Klee is working his boys hard for the coming game.

The Juniors and the Sophomores both have a nice backfield and are on about the same level. In the writer's opinion the Sophs have the best line and the strength of their line will give them victory. Well no one can tell how it will come out and all those who attend are sure to see a fine game with plenty of thrills.

The standing of the teams in the interclass league is as follows:

Juniors	2	0	0
Sophomores	1	0	1
Ben Franklin	0	1	2
Seniors	0	2	1

The dollar worth 68 cents? Rats! It will buy only 15 cents worth of liquor, and yet will buy $3 worth of cotton. How do they figure it at 68 cents.

It's funny. If every cotton planter would buy 10 bales on margin, the price would skyrocket, but the plan is too easy to have appeal.

Allegheny College Team Handicapped By Cripples

Meadville Team Faces Test Saturday In Battle With Geneva Eleven

Many Regulars Out Of Blue And Gold Line-Up Due To Injuries

MEADVILLE, Pa., Nov. 16. — Perhaps there is no coach in the Tri-State district who has been more handicapped by the loss of players throughout the season than Coach Melville P. Merritt of Allegheny College. At no time during the entire season has Coach Merritt of Allegheny been able to place on the field what was considered his greatest strength. In spite of this fact the popular Allegheny mentor refuses to offer excuses or alibis. He places the men available on the field, gets all out of them that is possible, takes victory or defeat without semblance of agitation, makes no explanatory comments to the public, analyzes the mistakes of each game for the benefit of the team and then begins to prepare for the next game on the schedule.

In order to point out what has been accomplished by Merritt with an inexperienced squad it is necessary to recount the difficulties under which he has worked. For the Pitt game, which was the first on the local schedule, Allegheny was compelled to play without Bill Anna, 230 pound tackle who at that time was the outstanding player on the Blue and Gold line. He was still unable to play in the N. Y. U. game in which Brendel, Gillis, Blackburn, Captain Kinnunen, Slavin and Beach were injured. The West Virginia game found Allegheny with seven men able to play and in the following game with Bethany Merritt was without the services of Gillis, Brendel, Blackburn, and Captain Kinnunen, all of whom were still unable to play the next week against St. Francis except Gillis. In the St. Francis game Beals, who had been developed into a fine tackle, received a broken leg which put him out of commission for the rest of the season. Grove City game found everybody except Beals and Blackburn able to play, but Brendel, Captain Kinnunen and Slavin were in poor condition and participated in the game for only a short time. Lusk, a big end who started the Grove City game, was badly injured during the contest and has not played since.

Against Thiel Allegheny was able to present a strong lineup but the fact that the players had practiced little together for several weeks was responsible for a lack of teamwork which prevented the Blue and Gold from running up a score although statistics indicated that Allegheny outclassed its opponent. Last Saturday Allegheny met the strong Canisius College aggregation and again Coach Merritt was hampered by the absence of four regulars from the contest. Quarterback Waleski and Gillis were withheld from the game on account of scholastic deficiencies, Davis, right halfback, was not permitted to start on account of injury, and left end Hughes was withheld to make room for Hudson who was the only man available to do the kicking. Hepler, who played left halfback in place of Gillis, received a broken collar-bone in the second half of the game after having played brilliantly up to that time.

Next Saturday Coach Merritt will again be compelled to place on the field a patched up combination to go against 'Bo' McMillin's powerful eleven. It is believed that Gillis and Waleski will again be eligible to play but it is reported that regular fullback Brendel is ineligible on account of study deficiency. Coach Merritt will therefore be handicapped by the absence of end Lusk, tackle Beals, quarter-back Blackburn, quarter-back Rawlingson, and halfback Hepler, who will be out of the game on account of injury, and fullback Brendel on low grades.

When it is considered how Allegheny has been riddled by injury and ineligibility throughout the season and that it will be without the services of six, and possibly eight players for the approaching contest, little hope is entertained for a Blue and Gold victory. Coach Merritt, however, is making no comment concerning his difficulties but is setting about to mould a new combination to send against the team that has gained widespread fame by defeating Harvard and playing Cornell to a 6-0 score.

High Gridders Given Layoff

Coach Bridenbaugh Excuses Team Monday Following Ellwood City Game

By "BUGS" WALTHER

Coach Bridenbaugh excused the New Castle high team from practice on Monday afternoon.

While no practice session was indulged in by the local team they were required to gather as usual in the Ben Franklin dressing room and the coach gave them a talk for about a half hour and then excused them until further notice.

It is not likely that the team will train again until Wednesday night. The locals have an open date Saturday. On Thanksgiving Day New Castle tackles a mighty fine team in Erie Academy high at the Franklin stadium.

The New Castle team as a whole appeared to have suffered little in the hard tussle with Ellwood City. Harper and Richards suffered injuries in the conflict, but both boys were on hand for the meeting Monday afternoon, feeling none the worse for their experiences.

Bridenbaugh hopes to have both Harper and Richards available for service in the Academy game.

Erie Academy high deadlocked with Erie East in their annual contest at Erie last Saturday, according to reoprts reaching this city. Academy high is rated as one of the strongest teams in the Erie district this year and they are already priming for the New Castle game.

Greenleaf Unbeaten In Pool Tourney

(International News Service)

PHILADELPHIA, Pa., Nov. 16.—Ralph Greenleaf today was the only undefeated player in the world's championship pocket billiard tournament at the Elks' club here following the upset last night of Erwin Rudolph, of Baltimore.

Rudolph lost to Thomas Hueston, of New York, 125 to 71 in his first defeat of the tournament. In other matches last night Pasquale Natalie defeated Frank Taberske, 125 to 96 while Harold Pindle defeated Charles Harmon, 125 to 98 for a record of two victories and seven defeats in the tourney.

The tournament closes Wednesday night.

Los Angeles Gets Ready For Two Great Football Games In Month

By THOMAS R. CURRAN.
International News Service Staff Correspondent

LOS ANGELES, Nov. 16—Two great intersectional football conflicts will be exposed to the bold and brazen view of the sport loving public in Southern California within the next six weeks.

A modern squad of Notre Dame Horsemen will try to ride the Thundering Herd of University of Southern California on December 4 at Los Angeles coliseum. This rodeo which will show at their best the football styles of the middle west and the Pacific coast will be followed in less than a month by the classic Rose Bowl tournament for the mythical championship of the country.

Had not U. S. C. dropped a 12-13 decision to Pop Warner's Stanford team the Notre Dame-Trojan conflict on December 4 might have the Rose bowl clash a needless formality, like fingerbowls. The Trojans had hoped to enter the game champion of the west coast and Notre Dame was expected to be an easthern contender for national honors.

As it happened Coach Howard Joes' Trojans lost not only because Stanford had the will to win and overcame a 12 point handicap but also beause Morley Drury star U. S. C. back and lord high executioner of the point-after touchdown was out of the game with a wrenched knee. Laraeta, his substitute missed both goals. Drury hasn't muffed two in a row all season.

Two styles of shift will be employed in the December 4 set-to. The Notre Dame backfield snaps into plays with the wooden soldier precision of a goose step drill; the Trojan line rudely deploys itself with back to the enemy and swings about as the ball is passed.

A great presentation of the running game is also in prospect as Morton Kaer, Trojan quarterback, is one of the fastest and shiftiest ball-lungers on the coast. Rockne's backfields are always capable performers in an open field.

As for the Rose Bowl contest itself no teams have been definitely selected to represent the two far corners of the country. That will come when the season is over. Brown however it was admitted is being watched with interest as an eastern candidate whereas either Stanford or Washington State might make a fitting representative of the Pacific Coast.

Italian Bulldogs Top Mahoningtown By Two Touchdowns

Micco Scores Both Touchdowns For Strong Italian Bulldog Team

The Italian Bulldogs won their third victory of the grid season by toppling the Mahoningtown team 12 to 0. The game was played on the E. & A. grounds.

The Italian Bulldogs champs last year, displayed championship form as they smothered the Seventh warders. The Marino coached team carried the ball several times deep into the Mahoningtown territory and tallied twice. The game opened with Walt Sumner former High school star kicking to Marino who returned the ball 20 yards. Micco, Marino and Scaglione alternated in carrying the ball to the five yard line. Ross picked up three yards and on the next play Micco shot through tackle for the first touchdown.

The second and third quarters were hard fought, with the Bulldogs outplaying the Seventh Ward team in all departments. The second touchdown of the game came in the final quarter. Marcella intercepted a pass. Micco and Ross gained through the line, while Marino and Scaglione ran the ends, bringing the ball to the 15 yard line. Micco picked off two yards, Scgalione and Ross added five more yards, Johnny Micco shot off tackle again for eight yards and crashed over for his second touchdown. Micco was easily the outstanding star of the game.

The entire Italian Bulldog line played a fine defensive game. Marino and Micco shared backfield honors. Walt Sumner played a whale of a game at end for the losers. Frigone, Masters and Swinehart also played a good game for the losers.

The lineup:

Mahoning Valley Notes

The play, "Kicked Out of College" will be presented at Mahoning Valley grange hall Friday evening, November 19. This play has been presented a number of times in various parts of the county and has been well received.

The cast:—Mrs. B. J. Benbow, Ruth Stunkard; "Ma" Buggsby, Elizabeth McKnight; Mrs. Mehitabel McCann, Dorothy Stunkard; Selina McCann, Goldie McKee; Miss Juliet Snobbs, Ruth Patterson; Mlle. Mimi Fleurette, Hildreth Walton; Salamanca Spivins, Ina Patterson.

Act I—A college boarding house. Bootles' first little wife.

Act II—Suite in honeymoon flats. Bootles' second little wife.

Act III—Same scene as Act II. Bootles' third little wife.

GRANGE NOTES

Officers will be elected at the next meeting, November 23.

The annual meeting of the Lawrence County Farm bureau will be held in the hall November 27. Dinner will be served by the ladies of the grange. Officers for the ensuing year will be elected and matters of interest to all farmers will be taken up.

The pie social held in the Walter school last Friday evening was well attended and a neat sum was realized to apply on purchase of an organ for the school room.

Two Prohibition Directors Are Free Of Charges

(International News Service)

CHICAGO, Nov. 16.—Percy Owen, former prohibition director of Illinois, and State Senator Lowell B. Mason stood exonerated today of the charge that they had conspired to violate the federal prohibition law.

The men were acquitted in Federal Judge George Carpenter's court late yesterday by a jury that deliberated only one hour and ten minutes.

The verdict was viewed as virtual collapse of the government's alleged million dollar sacramental wine graft case. While Owen and Mason were charged with conspiracy, prosecutors sought to show they had accepted huge bribes to permit withdrawal of sacramental wines.

The end is in sight. In a little while the cost of ammunition will take all the profit out of bootlegging.

IVO RADIATOR GLYCERINE (DISTILLED)

—is cheaper in the long run

Point 2

Fill up today with IVO,
THE IDEAL ANTI-FREEZE

A PROCTER & GAMBLE PRODUCT

IVO Distilled Radiator Glycerine is superior to the ordinary anti-freeze because it—(1) does not evaporate, (2) is non-inflammable, (3) is odorless, (4) will not harm the finish of the finest car, (5) will make your motor operate in Winter at a more uniformly efficient temperature.

THE first cost of IVO is somewhat greater than volatile anti-freeze mixtures which formerly were in common use.

Because of its permanency, however, the cost of IVO—in the long run—is actually less than that of inferior anti-freeze mixtures.

Only the water in an IVO solution evaporates—and water is still quite inexpensive. GLYCERINE — the anti-freeze element in IVO—never needs replacement (barring leaks in the cooling system) BECAUSE IT DOES NOT EVAPORATE.

P. A. makes a pipe perform!

PUT it down for a fact here and now—if you don't know Prince Albert, you don't know how well that old pipe of yours *can* perform. You're going to find this out by personal experience some day. You may as well cut the corners and start today.

Buy yourself a tidy red tin of P. A. now. Open it up and let that fragrance of real, honest-to-goodness tobacco tell its own story. Then pack a wad of it into the bowl of your pipe and light up. The first pull will tell you no other tobacco ever tasted so good.

P. A. is so cool in a pipe . . . so refreshingly cool and sweet. It seems you never *will* get enough of it. Fortunately, P. A. is mild enough to let you smoke all you want. And it has body enough to make you *want* to. You try it and see!

You may think you are all set on a smoke-program. Never mind. Just wait till you have smoked Prince Albert! A pipe just hasn't had a chance if it has never been filled with P. A. Get some today! It will be a revelation. It will, for a fact!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT
—no other tobacco is like it!

SPORTS DONE BROWN

Why not a "Big Ten" football conference in the east?

The breaking up of the "Big Three" leaves the way open for such a move. It has seemed the logical one for any years to most followers of the game.

There are 14 or 16 colleges in the eastern section of the country that have won a place in the football spotlight that warrants consideration in such a movement—that have played football year in and year out and have the things in common needed in such a conference.

Just to start the ball rolling I offer these eight colleges as the nucleus to such a "Big Ten":

Yale.	Brown.
Harvard.	Cornell.
Dartmouth.	Pennsylvania.
Princeton.	Columbia.

I offer the following six elevens as material from which to select the other two elevens or replace one or two of the others should popular sentiment or other conditions make such a move wise. The six are:

Syracuse.	Lafayette.
Penn State.	W. and J.
Pittsburgh.	Bucknell.

Carnegie Tech, Boston College, Colgate, Rutgers and one or two others might well argue the merits of their position.

I am not interested in the composition of such a circuit. There is this to be said, however:

The most firmly organized governing body in football today is the Western College Conference—the "Big Ten." Under the direction of conference officials the Western Conference has placed football on a firm basis. Eligibility rules are strict, and adhered to. The officiating is admittedly the cleanest and best in the country by reason of the fact that officials for the various games are scheduled entirely on merit. There is no "selective list."

The formation of the conference gave every one of the teams an objective—a proper one—that of winning the title or a claim to it each year. At the same time the schedules are made elastic enough to permit the inclusion of outside teams, journeys for intersectional battles, and contests with various traditional foes.

The far west also has its conference, the Pacific Coast Conference, a well organized body which carries as its members most of the outstanding teams west of the Mississippi.

The south has its conference, which, while it ought to be enlarged to include other teams formidable in that section, gives the southern section something all its own each year.

It is not beyond the range of possibilities then to visualize (after the formation of an eastern conference) a series of post-season games which would give the fans added thrills and come close to settling the yearly discussion as to which section has the greatest team—which eleven stands out as the greatest in the country.

Come on, eastern grid officials, and start something!

Had a long chat the other day with one of the men deeply interested in the promotion of professional football and connected with the National League—the Grange-Pyle circuit.

He expressed the belief that the pro game is destined to go on the rocks unless some earnest efforts are made this winter to place the signing and salaries of players on a sane, fair basis.

"This year it was natural for the backers to plunge in and pay the men whatever they asked. The main thing was to get together a team that would draw well and play good football from the first. Little thought was given to the payroll or to the protection of the backers. While there were some rules and agreements regarding the moving of players no definite rules were in operation to prevent teams bidding against each other for a man's services or a player changing from one team to another when salary matters could not be arranged.

"The Cleveland team, for instance, carried 17 men and the payroll amounted to $2,900—an average of $175 per player. Overhead expenses of various kinds, in addition to the payroll, forced the club backers to gamble on an $8,000 gate before they could realize a cent on their investment. While late season games, because of their importance, suggested a possibility of breaking even for the season the backers could not carry the deficit longer.

"Meanwhile players from the disbanded team signed up with whomever they cared to. Whatever differences these players might have had with other clubs were not recognized."

In other words, the backers of the pro team find themselves against a "holdup game" in obtaining the services of players after bidding for a franchise and have no protection to speak of while gambling on their investment.

The league needs a salary limit, release clauses to hold players, and better general supervision if it is succeed.

The only safe side to any argument is the middle.

JURY IS TAKEN IN AUTOMOBILE CASE

A jury was taken before Judge Hildebrand this morning in the case of Charles R. Boston against B. Mermelstein, in which the plaintiff is seeking to recover $1000 damages as a result of his automobile being struck by the defendant's machine on the New Castle-Beaver road. It is claimed by the plaintiff that the defendant was driving in a reckless manner.

Having to swallow insults is very hard on a man's digestion.

After Bull Run.

by J. CARROLL MANSFIELD

© McClure Newspaper Syndicate

THE CRUSHING DEFEAT OF THE UNION TROOPS AT THE BATTLE OF BULL RUN (OR MANASSAS, AS THE CONFEDERATES CALLED IT), JULY 21, 1861, CHECKED THE OVERCONFIDENT SPIRIT OF THE NORTHERNERS AND, WHILE NOT DESTROYING THEIR DETERMINATION, MADE THEM REALIZE THAT A SPEEDY CONQUEST OF THE SOUTH WAS NOT TO BE EXPECTED.

ON THE OTHER HAND, THE SOUTH, IN ITS EXULTATION OF VICTORY, FELT THAT THE DECIDING BLOW HAD BEEN STRUCK, AND MANY OF JOHNSTON'S AND BEAUREGARD'S SOLDIERS BEGAN RETURNING TO THEIR HOMES.

PRESIDENT LINCOLN ASKED FOR 400,000 SOLDIERS AND $400,000,000. CONGRESS VOTED HIM THE AUTHORITY TO RAISE A HALF MILLION MEN AND BEGAN TO SECURE FUNDS BY LOANS AND INCREASED TAXATION.

BULL RUN LED TO THE EXCHANGE OF PRISONERS AND RECOGNITION OF THE CONFEDERATES AS BELLIGERENTS BY THE NORTH. LINCOLN'S BLOCKADE PROCLAMATION HAD ORDERED THAT SOUTHERN PRIVATEERS BE TREATED AS PIRATES, BUT AFTER BULL RUN THEY WERE REGARDED AS SHIPS OF WAR.

N. Y. STOCKS

(International News Service)

NEW YORK, Nov. 16.—Wall Street and the stock market displayed little enthusiasm over the financing plan announced by the Standard Oil of New Jersey for the retirement of its preferred stock, at the beginning of trading today. Speculative interest could not be diverted from the steel, copper and motor stocks, while the oil stocks in general, and Standard of New Jersey in particular, continued the downward move, unaffected by a reported decline of 26,000 barrels in the daily production of crude oil last week.

United States Steel promptly forged to the front as the leader in the bullish ranks, advancing an additional point to above 152 in extremely heavy trading. American can was also a strong spot in the industrial list, and sold in volume above 53.

Trading in cotton and grain, as well as rubber and other important commodities was restricted by the lack of definite developments in trade and business. The best reports came from the metal trades, including copper, zinc and steel in which the fall demands are at a very satisfactory rate. Kennecott Copper, which raised its dividend to 5 per cent, was in good demand around 64, while Chile and Cerro De Pasco were also well bought. Radio's advance to 60½ in heavy trading was the feature of the specialty stocks, while Pierce Arrow, Chrysler and Hudson Motors held their pace as speculative attractions.

GOOD INTEREST IN SPECIAL MEETINGS AT WESLEY CHURCH

Good interest is being manifested in the special services that are being conducted every evening this week in the Wesley M. E. church. The observance of, "Win My Chum Week" is a special feature of the week's meetings.

The pastor, Rev. S. H. Barlett, gave a forceful message Monday evening on the subject, "The Millennium". This evening he will preach on the theme, "Our Coming Kingdom".

The meetings are well attended. Special music at each service is an added inspiration each evening.

Gives Testimony Against Seven Held In Auto Larceny

Mercer County Detective Takes Stand In Pittsburgh Court Trial

(International News Service)

PITTSBURGH, Nov. 16.—Samuel Laishaw, Mercer county detective and formerly of Farrell, testified today that he and Police Sergeant John Slazik of Farrell recovered an automobile belonging to a Dr. Rosenbloom in the garage in the rear of the house where Herman Salvione, one of the defendants on trial in federal court here, was living. Salvione is charged with conspiracy and carrying stolen automobiles between states. The trial is before Judge R. M. Gibson.

The defendants, besides Salvione, are: Harry Hirskovitz, Akron, O.; Cecil Rodgers, Farrell; Paul Marabito, Meadville; Joe Paladino, Farrell, and Vito and Sam Dinato, both of Sharon.

Laishaw testified that Salvione told him Rodgers, another defendant, had brought the Rosenbloom car to the garage. The Mercer county detective identified both Salvione and Rodgers and said he had known the former for nearly 11 years.

Slazik previously testified that he, accompanied Laishaw to the garage and that he got the key from Salvione which unlocked the machine said to have belonged to Dr. Rosenbloom.

Before the two officers took the stand several witnesses were called whose cars had been stolen. Some of those recovered were found, according to testimony, in Sharon and Farrell, Pa.

Among those who testified at the forenoon session were J. B. Rigby, employe of the Carnegie Steel Works at Sharon.

The trial is expected to continue for several days.

Auto Accidents Are Reported

Woman Is Struck By Car At East Street Corner—Other Mishaps

Mrs. William Pasquarelli of Neshannock avenue, was struck and slightly injured Monday by the automobile of F. J. Davis of 305 Winter avenue, at East and East Washington streets. She was knocked to the street by the machine and removed to the office of a physician where it was found that she had her left shoulder and side slightly bruised and injured. Her injuries did not appear to be of a serious character. According to the report made by Mr. Davis, he was going south on East street and in the act of turning around the mushroom when the accident occurred. The woman was picked up by James E. Hinish.

C. D. Bane of 304 Boyles avenue reported Monday that he was going east on North street and turning north on North Mill street on the green light when the car of G. M. Lutz of 226 Boyles avenue, going west on North street, ran into and damaged the rear of his car. Mr. Lutz claimed he was driving in a funeral procession when the accident occurred.

The car of Fred Theiss of 924 North Cedar street, according to the report at the police station, was going west on Mahoning avenue, when it hit and damaged the machine of D. W. Axe of 920 Morton street, which was parked on the north side of Mahoning avenue, half way out in the street.

New Castle Firm Secures Contract

Geo. A. Eckles and Company local architects have been awarded the plans for the newly proposed school building in Meadville Pa., that will cost in the neighborhood of $140,000.

Robert Eckles local representative of the firm made a recent tip to Meadville where he presented the plans and sketches of the new school for approval of the school board.

The new school will be known as the East End school and will greatly eliminate a crowded condition that exists in the city of Meadville.

The Eckles Company a few years ago had the contract for the new high school in the Crawford county city.

FIVE HUNTERS TOLL IN OHIO

First Day Of Rabbit Hunting Season Costly To Early Hunters

(International News Service)

CLEVELAND, Nov. 16.—The first day of the rabbit hunting season in Ohio claimed a toll of five lives and at least 11 other persons were injured, according to reports here today.

In most cases, hunters were injured by the hazardous practice of dragging of shotguns through fences, muzzle first, after them.

Those killed were Donald Brown, 22, of Lima; Frank Bell, 33, Steubenville; Charles B. Towne, 68, of Toledo; John Arvay, 48, of Toledo, and Carl Meinzer, 34, of Crestline.

POLICE HUNT MAN FOR CHOKING GIRL, ACCORDING TO TALE

SPANGLER, Pa., Nov. 16.—County and local police are making a rigid search for a motorist who Sunday night attacked Margaret Ontko, 15 years old, of Saint Boniface. The girl was removed to the miners hospital suffering from shock.

The victim says she was walking along the main highway alone when the motorist stopped his machine, choked her into insensibility, and dragged her into the woods.

FILM PIONEER PASSES AWAY

(International News Service)

NEW YORK, Nov. 16.—Hiram Abrams, 47, film pioneer and president of the United Artists' corporation, is dead at his home here. He succumbed to a cardiac ailment after an illness of two months.

In 1916 he organized and was made president of the United Artists' corporation. Mary Pickford, Douglas Fairbanks, Charles Chaplin and D. W. Griffith were his associates in the company.

His widow, Florence Hamilton Abrams, and a 21-year-old daughter, Grace Abrams, survive him.

Aged Man Found Dead In Old Well

YOUNGSTOWN, O., Nov. 16.—Frank Corll, 78, Cornersburg, was found dead in a well at his home by his sons, C. C Corll and E. W. Corll and Levi Corll a brother.

The aged man had fallen through a rotten board covering the well at the Corll home.

He last was seen Saturday when he went from the home of his son E. W. Corll to the general store at Cornersburg operated by C. C. Corll.

He was an uncle of Peter Corll, sheriff-elect and a son of Peter Croll one of the early residents of Mahoning county.

Four children survive, C. C., E. W., Mrs. James Smith all of Cornersburg and Mrs. W. T. Creed of Hubbard.

BLAST KILLS YOUTH STRIKING MATCH TO LOOK IN 'GAS' TANK

NEW MARTINSVILLE, W. Va., Nov. 16.—Jimmy Marsh, 9 years old, is dead, and Harold Meeks, 8, a playmate, is in a critical condition in the hospital here as the result of an automobile gas tank exploding Saturday night. The body of the Marsh boy was so badly charred it could hardly be recognized as a human body. Hospital officials hold little hope for the recovery of the Meek boy.

Young Marsh, after unscrewing the opening of the tank, struck a match to see if it contained any gasoline. The explosion following blew him 20 feet but the Meek boy, standing a few feet behind, escaped the worst of the blast.

STAR OF WALES LODGE MEETING

Joint Meeting With Martha Lodge Is Enjoyed—Welcome Returned Visitors

An interesting joint meeting of the Star of Wales lodge and the Martha lodge of the True Ivorites of America, was held at the First Congregational church Saturday evening, November 13. A very nice crowd was present and the meeting was called to order by Henry T. Jones, the chairman. He opened the meeting by saying that the purpose was to give a warm welcome to the members that were on a visit to Wales last summer, and also to hear of their adventures. R. T. Morris then rendered a solo which he did with good spirit. He sang "Home Sweet Home".

The first man to speak, who had visited Wales, was Thomas Grey, Cunningham avenue. He said that this journey was the very best in his life time and that he felt this a glorious opportunity to see the dear land.

Speeches were then made by Emrys Thomas, who gave the Martha lodge a good name, as well as all of the women in the United States; William J. Davies of the New Castle Feed & Coal company. An appeal was read by Griffith Thomas that had come from Wales, asking all the people of New Castle to contribute to a fund in Wales to help the starving there. The people of Wales have been doing this, but the home funds have run out. The following committee was selected to take care of the matter: Griffith Thomas, William J. Davies, Thomas Grey, William A. Johns, Daniel Williams and Rev. Emrys Thomas.

After a dainty refreshment serving by the ladies of the Martha lodge the meeting ended.

Scientists tell us we are losing the use of our legs. Probably they never heard of a mailman.

Dispute May End In Murder

(International News Service)

MT. HOLLY, N. J., Nov. 16.—As the outcome of a dispute which began in play, Louis McCord, 17, of Greensboro, Md., is in jail here today and faces the possibility of being charged with murder.

McCord and William Trimble, 26, who lived in Riverside, N. J., were chums and employed at the Beverly Paper Mills in Beverly, N. J.

Last Wednesday afternoon, according to the story McCord told police, William began kidding him. "Then when I began rapping back at him", Louis said, "he punched me in the mouth".

The police charge that Louis then seized a steel spindle and hurled it at William, striking him in the head. The victim is now in a critical condition.

Why Does the Body Form Gall Stones?

Gall stones, kidney stones and bladder stones are formed and grow just like pearls in the oyster. First there is an inflamed condition—catarrh—then a tiny center of some substance may be a bit of mucous. Slowly deposits form on this and harden. Sometimes they are passed in the form of gravel—so small that they cause no trouble. Sometimes they remain and grow until only the knife relieve the sufferer. But always they are the result of a catarrhal condition of the lining of these organs. Tenderness and dull pain mark their formation—danger signals that when cared for in time avoid acute pain. Remove the catarrhal symptoms with World's Tonic and build up a healthful condition that prevents the formation. Even in an advanced stage this wonderful herb tonic will do much to alleviate the suffering and cases have been known where its administration removed all symptoms. More and more people are learning that the restoration of health is a matter of toning up the whole body—the symptoms will then take care of themselves. Thousands have placed their reliance in World's Tonic and tell wonderful experience with it. Sold by McKee's Cut Rate, Smith's, Paisley's, and Eckard's, of New Castle, Inc., and all real Druggists.

Inspectors Busy During October

The sanitary and food inspectors of the city were kept busy during the month of October. Among the things done by them were the following: Houses placed under quarantine 12, houses released from quarantine 9, sanitary inspections 893, nuisance complaints investigated 10, meat and fish markets inspected 25, hotels and restaurants inspected 35, confectionery stores inspected 25, fruit stands inspected 15, milk depots and pasteurizing plants inspected 8.

Chalk up another one for the old men in sports. S. H. Fry, who has won the British amateur billiard championship no fewer than eight times, first captured the title in 1893, 33 years ago, and he was 57 on the occasion of his latest success.

New Castle Men Have Close Call

JOHNSTOWN, Pa., Nov. 16.—L. W. Strayer and J. P. Toler, both of New Castle, narrowly escaped death yesterday afternoon when their auto skidded crashed into a telephone pole, and plunged over a hill into Stony creek on the Lincoln highway, near Stoyestown.

Both were brought to Memorial hospital, Strayer with fractured jaw and leg and severe lacerations. Toler received severe lacerations and narrowly escaped drowning. The victims were extricated from the wreckage by passing motorists.

New York proposes to build an elevated roadway along the Hudson river. A high road for high speed, of course.

TAX RECEIPTS FAR ABOVE ESTIMATES

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, Nov. 17—Unless government finances undergo an unexpected upset in the next six weeks, the treasury will be prepared to hand back to federal taxpayers close to $350,000,000 as a credit against taxes payable March 15 and June 15, it was learned today.

This is an increase of $100,000,000 over the original Mellon estimate.

Government economic experts declared that the tax refund, which will chiefly benefit large taxpayers and corporations, coupled with the apparent certainty of a permanent reduction of rates by the 70th congress, will have a favorable reaction on general business next year. This will still further stimulate government revenue during the year beginning July 1, 1927.

Treasury officials, on the basis of a close calculation of government revenue made since the president announced the credit policy, estimate collections of income and profits taxes at approximately $2,300,000,000 for the calendar year 1926. This exceeds the estimate by $300,000,000.

Secretary of the Treasury Mellon has already announced that the government can stand a credit refund of 15 per cent of the 1926 collection. On the basis of heavier receipts it is now possible that the rate may be boosted still higher.

Mellon feels that the government should have a surplus of at least $100,000,000 June 30, after deducting the amount to be refunded. The treasury admits that the surplus, without the refund, will amount to $400,000,000. That means, experts said, a surplus of nearly $500,000,000.

Income tax collections to November 13 amounted to $1,808,000,000. The December payment probably will yield over $400,000,000, bringing the total collection from Nov. 13 to the end of the year to about $500,000,000.

As fast as new figures are compiled by the treasury they are being submitted to the president. The president's recommendations for the tax credit will be contained in his message to congress and will be based upon Mellon's estimate of the probable government receipts.

NEWPORT, Ky., Nov. 17.—One man was dead here today and a charge of murder was to be placed against another as the culmination of Newport's fifth murder in four weeks.

Mat "Jace" Martin, 28, shot while he was sitting on the edge of a bed with Grace McCoy, 21, formerly of Portsmouth, O., in a girl friend's home here last night, died early today in a hospital.

Albert Gleason, 28, was later arrested following statements of the two girls to police.

Reserve Officers Will Have Dinner

Plans are made for a dinner meeting of the Lawrence county chapter of the Reserve Officers' Association of the United States on Thursday evening at the Elks' Club.

The speaker of the evening will be Major Thomas C. Lonergan of the United States army, and as he is a speaker of ability it is anticipated that his address will be of interest.

The dinner will be held at seven o'clock, after which there will be the address and other things of interest. Invitations have been extended to the reserve officers of Mercer and Butler counties and it is expected that quite a number of these officers will be in attendance.

REPORT STRAYER SERIOUSLY HURT

In Johnstown Hospital After Accident On Mountain Road Near That City

The condition of Lloyd W. Strayer of 341 Laurel boulevard who was seriously injured Monday afternoon on the Lincoln highway near Stoyestown, Pa., when the car in which he and J. P. Toler of Albert street were making a tour of inspection of the plants of the Johnson Limestone company at Williamsburg Pa. and Mollar, W. Va., skidded, struck a telephone pole and plunged down a step hill into Stony Creek, as far as can be learned locally today is serious.

Mr. Strayer sustained a fracture of the lower jaw and a fractured right thigh. Mrs. Strayer left early Tuesday morning for the bedside of her husband who is in Memorial hospital at Johnstown, Pa., and no definite word as to the condition of Mr. Strayer had been received at the office of the Johnson Limestone company this morning.

At the home of James P. Toler, who was also injured in the accident it was stated that Mr. Toler had talked with Mrs. Toler on Monday evening following the accident and that as far as could be determined from the conversation and information from other sources he had been more fortunate than Mr. Strayer and his injuries apparently not of a serious character, although he was injured to some extent and according to press reports he had a narrow escape from drowning. According to the information at the Toller home Mr. Toler was able to continue on the tour of inspection.

Mr. Strayer, who is a civil engineer and Mr. Toler who is the mechanical engineer of the Johnson Limestone company interests were on what is a monthly tour of inspection of the other plants of the company when the accident occurred.

The place at which the accident occurred is on a steep mountain road which is oiled and on which there were quantities of leaves which conditions were largely responsible for the accident occurring.

Get Your 1927 Auto License Tags At Once

Only 7,000 applications for motor vehicle licenses are being received daily by the bureau of motor vehicles at Harrisburg, according information sent to the New Castle Motor club. If all motor cars are to be licensed by January 1 it is necessary that till the close of the year at least 18,500 applications be received daily. This will not be the case, of course.

The plates for 1927 may be used legally on or after December 15. The reason for permitting them to be used this early is because the new tags are always a signal for an increase in the number of applications filed, for the simple reason that car owners then see that the end of the year is closer than they thought.

Many people cannot see why they did not get the "bill" for their 1926 plates. It was because the bureau either did not have their correct address or that postoffice authorities have made a mistake. The odds are against the latter. Thousands of Pennsylvanians will have the same thing happen to them again this year, because when they change their address, the bureau of motor vehicles must be notified, or there will be a tie-up of a month or two before they receive their plates.

Estimates of the total fees to be received this year from registration of vehicles, and drivers' licenses, are in the neighborhood of $32,000,000.

It is impossible for an owner to get license plates without the registration card, because the card is the address by means of which the postoffice delivers the plates. The card is in the little flap envelope on the face of the large envelope containing the plates, and were it not in place the tags would not leave the postoffice at Harrisburg.

You can trust Albert Spalding's judgment

"I find," says Albert Spalding, the violinist, "that some Speakers fail to re-create the low and high notes. My Atwater Kent Radio Speaker, however, brings me all the notes, and the tone is true."

"Is the tone NATURAL?"

A RADIO SPEAKER is the voice of its receiving set. It can make or mar good radio programs. It determines the *tone* you get.

Science has many ways of testing radio reception, but you, the listener, have only one.

Do the tones—of voice or musical instrument—sound *natural?*

Innumerable listeners have chosen Atwater Kent Radio Speakers because the tones do sound natural. Among them are such excellent judges as Albert Spalding, Josef Hofmann, Reinald Werrenrath, Louise Homer and Mary Lewis.

Behind this fact of faithful re-creation there's a long story of research and experiment, of design and material, of painstaking manufacture and exacting tests. But what you want to know is: "Can I sit at home and feel that the voices and the music are coming to me clearly, with natural tone?"

With an Atwater Kent Radio Speaker you can. Let your dealer prove it to you today.
